

AVERS G. O. P. HAS RECORD OF DOING THINGS

Senator Harding Contrasts His Party With "Phrase Mak- ing Democrats."

BUILDING UP INDUSTRY

Candidate Says Protective Tar- iff Safeguards Americas' Prosperity.

Jackson, Ohio.—Phrase makers of the democratic party were contrasted with the performers of the republican party by Senator Warren G. Harding in his speech at a barbecue here today. Despite all the progressive longues and literary idealism of the democrats, it is the republican party that stands as the safeguard of America, he declared.

"No wonder," he added, "that the present administration is trying to divert the attention of the country from the prodigal wastes and grotesque inefficiencies for which they have made the nation pay so dearly."

Southern Ohio being the heart of the iron and steel district of the state, Senator Harding said special emphasis on the building up of that industry and the assistance it has received from the republican protective policy.

"The growth and opportunity for investment of capital and the labor of men in the iron and steel industry has rested upon a political policy," he said.

Brings Prosperity

"It is a fact that the republican policy of tariff protection given to our home industries has been the safeguard and stimulus of our American iron and steel production."

"The iron and steel industry has received in America for distribution among mankind who labor, a prodigious return and in exchange it has brought to our national life an immeasurable contribution."

"With all the natural resources and the good fortune of geographical position, the growth and perhaps the prosperous existence of the six hundred or more companies which are making iron and steel in the United States, is based upon the impulse given to men to labor."

"This impulse to labor, I trust, will always be made up in part of the love of men to expend their energy in creative production, but of necessity men labor for a living. Just as I desire that American industry shall be prosperous so that the money invested by the people in industry shall have an adequate or even ample return, so also I stand for a prosperity of American industry which gives the man or woman who labors with hand or brain an ample and adequate return."

Party for Protection

"The truth of the matter is that with all the progressive longues and all the literary idealism of our opponents, it is still the republican party, not only as to tariff protection, but as to every other kind of protection, which stands as the safeguard of America. It is a simple matter to make phrases; it is much more difficult to perform, but it is on their respective records as phrase makers and as performers that the democratic forces of this campaign and the republican party oppose each other."

"I do not wonder that the present administration and those whom it has chosen as its successors are trying to divert the attention of the country from the neglect, the prodigal wastes and the grotesque inefficiency for which they have made us all pay so dearly."

URGES CLASSIFICATION OF IMMIGRANTS TO U. S.

Atlantic City, N. J.—A council of representatives of agricultural states to co-operate with the departments of agriculture and labor in getting immigrants to the United States, urged by H. M. Wallis, of Racine, Wis., president in an address before the National Implement and Vehicle association convention today.

Wallis declared proper classification and distribution of immigrants would help solve the farm labor problem and tend to obviate congestion in cities.

"Every immigrant before taking ship should be interviewed by representatives of our consular service to determine his adaptability and his classification for quick self-support," Wallis said.

"Get the artisans into the factories and the farmers into the field. Our agricultural states should be arranged on a basis of what each requires in the way of farm help and our industrial centers should be organized to take care of our immigrants who have had previous training as artisans."

MAN BADLY BEATEN BY "KU-KLUX-KLAN"

By United Press Leased Wire
Philadelphia.—Declaring he had been seized and whipped by members of the "Ku-klux-klan" near Trenton, S. C., Monday night, Peter McMahon, Yonkers, New York, 55, arrived here today seeking hospital treatment.

His wrists were lacerated by ropes and his back bore marks of whipping, according to police.

McMahon said his life was threatened when he attempted to aid Miss Florence Powell, 25, Aiken, S. C., in a settlement which involved disposition of her father's property.

EDOUARD BELIN
New York.—Edouard Belin, French inventor of telephotography, is in New York with his wife and daughter, to demonstrate for the American government and business men, the possibilities of his invention. He proposes to show that his device can transfer "legible" photographs by telephone hundreds of miles. He has already sent photographs of General Pershing and General Mangin 270 miles between Paris and Lyons. His first tests here are expected to be between New York and Washington.

SIX KILLED AND 25 HURT IN COLLISION

Passenger Train Runs Into Open Switch and Crashes Into Pullmans.

Erie, Pa.—Six persons were killed and 25 injured, four probably fatally, in a passenger train collision within a hundred yards of the New York Central depot here today.

Train No. 60, eastbound, crashed through an open switch and careened into the side of No. 23, westbound.

The locomotive crumpled one end of a pullman car which it struck. The car was knocked from its trucks tumbling on its side.

It was necessary to cut a hole in the side of the smashed car so the dead and injured could be removed. The identified dead include:

A. Carlson, 15, Sebastic, Minn. The injured, whose names have been taken, include:

Mrs. G. L. Secord, Chicago, seriously ill; Ida C. Myers, Chicago, back bruised.

Three Men Killed

Bristol, Tenn.—Three men were killed and six others slightly injured in a head-on collision between a Norfolk and Western eastbound passenger train and a westbound train near Rural Retreat, Virginia, today, according to reports received here.

SENATOR FRANCE ALSO "APPROACHED BY FRANCE"

By United Press Leased Wire
Chicago.—An informal request has been sent him by a French organization suggesting conferences be held with a view to forming a Franco-American alliance for prevention of wars, Senator J. L. France, of Maryland, declared in a speech here.

Senator France's statement was made in support of Senator Harding's statement he had received unofficial hints from France suggesting the formation of an association of nations.

"I received the same sort of communication as did Senator Harding," said Senator France.

"There was nothing official about it. It simply was a letter from an organization in France whose aim is to aid suppressed peoples."

"It was sent to the United States in care of a Chinese student and then mailed to me. The writer said he believed he was expressing the wish of the French people."

POLICE OF TWO CITIES SEARCH FOR SWINDLER

By United Press Leased Wire
Des Moines, Ia.—Police today instituted search for Clifford Skirven, Wichita, Kan., who is alleged to have been a member of a trio, which attempted to swindle H. M. Morraine, Leroy, Minn., out of \$23,000 through a fake land deal.

The attempted swindle was frustrated through the efforts of detectives. Skirven is wanted in Chicago in connection with the sale of \$175,000 worth of valueless oil stock, local police said.

ENGINE ON COX TRAIN GOES ON A RAMPAGE

Enroute with Governor Cox, Blackstone, Mass.—The engineer of Governor Cox's train on the New Haven line jumped from the locomotive today to avoid being burned when a valve broke and steam rushed into the cab. Before jumping, the engineer set the brakes to prevent the train from running away. He was slightly burned.

The governor's special was brought here by a freight engine which happened to be on a side track nearby.

COX DEMANDS HARDING NAME FRENCH ENVOY

Democrat Ridicules Charge That He Laid Trap for His Opponent.

FRENCH ARE MYSTIFIED

Unable to Name Man Who Dis- cussed World League With Candidate.

(By Herbert W. Waker)
By United Press Leased Wire
Enroute with Governor Cox, Providence, R. I.—Governor Cox declared today he would demand that Senator Harding reveal the identity of the person who gave him the impression France would look with favor on the republican candidate's proposal for a new association of nations.

Cox attacked the "French spokesman" as vigorously as he went after the "slush fund" issue early in the campaign.

Cox read the statement made in Marion in behalf of Harding by Judson C. Welliver, republican publicity director, who charged Cox had deliberately sent Maurice De Kobra, a French humorist, to Marion with the intention of having him see Harding and represent himself as speaking for France.

Welliver charged De Kobra never saw Harding and the democratic candidate's "trap" was a failure. Cox ridiculed this statement.

"I believe the American people and the French government are entitled to know who is conspiring with Senator Harding 'informally' regarding our international relations," the governor said.

Cox faced a busy day of speaking in Rhode Island, Massachusetts and Connecticut. He had nine speeches scheduled.

Did Not See Harding

New York.—Maurice De Kobra whom Governor Cox intimated was the man who told Senator Harding the French people would like America to lead a movement for a new association of nations, today denied he had ever seen Harding.

De Kobra is correspondent for La Liberte, a Paris newspaper.

"I tried to interview Senator Harding but he refused to see me," De Kobra said.

"I even sent word to him and asked him to explain his stand on the league of nations particularly for the French people who are extremely interested in the present campaign."

"I recently talked to Governor Cox. I gave him the attitude of the French people as far as I knew it and he explained his stand."

Unable to Name Envoy

Paris.—Paris has not solved the mystery of who informed Senator Warren G. Harding that France is interested in a new association of nations.

The general impression here was the senator's statement was based on the declaration of some well informed Frenchman.

If the senator's informant was Maurice De Kobra, correspondent of La Liberte, as suggested by Governor Cox, no one on the paper knows of it. Editor in Chief Bard shrugged his shoulders when the question was put to him.

"I don't know what De Kobra may have said. There is nothing in his correspondence as yet to indicate he saw Harding," Bard said.

"Whatever he may have said, would be only his personal opinion as a newspaperman. De Kobra is not even directly representing the government or any political group."

Campaign Incident

The press generally regards the controversy as nothing more than a campaign incident without interest outside the United States. The Echo de Paris alone commented on the situation, saying:

"It is quite evident that in France, as well as England, it is not desired that the league of nations, founded principally for the purpose of assuring the cooperation of America should, despite the grave inconveniences, prevent by reason of its constitution, this cooperation. In other words the society itself is of so little help to us in its present form that we have no reason for opposing a change."

EIGHT CHINESE FIGHT TWO WHITES IN HOTEL

By United Press Leased Wire
Detroit, Mich.—In a fight between two white men and eight Chinese in a local hotel here today, Dow C. Watson was fatally stabbed and his brother slightly injured.

The Watsons occupied a room next to one occupied by the Chinese. A quarrel started when the Chinese made so much noise that the Watsons could not sleep. The Watsons were from Paducah, Ky.

FAMOUS SURGEON GOES TO GRECIAN RULER

By United Press Leased Wire
Paris.—Prof. De Rolit, one of the most skillful surgeons in France, was enroute to Athens on a special train today to operate upon King Alexander of Greece, who is suffering from the effects of a monkey bite.

The Greek legation here had no confirmation of an intercepted wireless reporting Alexander's death. The legation said the king was alive at 2 p. m. yesterday.

Houston Discuss Finances

Secretary of the Treasury Warns Bankers That Government Cannot Stop Price Recession—Says U. S. is Rapidly Re- ducing its Debt—Bonds Will Return to Par Value.

By United Press Leased Wire
Washington.—Five of the country's most important financial problems were discussed by Secretary of the Treasury Houston before the convention of the American Bankers' association here today.

He outlined the problems and recommended ways for their solution.

Houston first took up the farmers' plea for financial aid in marketing their crops. He asked the bankers to help the farmers all they could. He warned the farmers that world wide price recession is on and that the government could not halt it if it wished.

Discussing liberty bonds, the secretary declared against all steps of refunding the bonds in securities bearing higher interest. The bonds, he said, would soon return to par without such measures.

The public debt, Houston said, has been reduced more than \$2,500,000,000 and the floating debt \$1,600,000,000 since August, 1919.

The allies' debt to the United States should not be forgotten, the secretary said, adding negotiations toward turning of demand obligations now held by this government into long time obligations, are proceeding.

Federal taxes should be revised, the secretary said, but warned the total they are to bring in cannot be greatly cut.

John McHugh, chairman, presented a report of the commerce and marine commission recommending the organization before next January 1 of a national foreign corporation capitalized at \$100,000,000 under the Edge law.

Under McHugh's plan every section of the country would be given a chance to invest in the corporation which would favor in so far as possible exports on commodities produced in the sections from which the investments came.

LEAGUE IS SURE THING, ROOT SAYS

New York Republican Declares That He Knows Hard- ing's Position.

By United Press Leased Wire
New York.—Republican leaders were elated today over a speech of Elihu Root in which he elucidated Senator Harding's position on the league of nations and severely censured the provisions of Article 10 of the covenant.

The main points of Root's speech, which was his first during the campaign, were:

"The issue is not between a league of nations and no league of nations. The question is whether the agreement creating the league shall be accepted absolutely unchanged or shall be modified to meet the American objections."

"If Mr. Harding is elected he will be bound to say to foreign governments who are already in the league: 'Here are certain objections which stand in the way of America's entering the league. I would be glad to have the provisions of the agreement changed so as to obviate these objections.' Then would follow an ordinary common sense negotiation as to the best way to obviate the objections."

"There are clear indications that the other nations concerned are willing to make such changes as are necessary to meet the American objections."

"The only reason why the changes have not already been considered is that Mr. Wilson simply would not negotiate for them."

Root vigorously contended that Harding's speech of August 28th provided for acceptance of the covenant properly revised and amended.

"CALL OF THE WILD" LURES GIRL FROM HOME

By United Press Leased Wire
Kansas City, Mo.—The call of the wild sounded strongly in the heart of Andrea Galloway, 13 year old adopted daughter of E. S. Galloway.

Andrea was returned home early today after an absence of three days and four nights. A harking dog led searching parties to a bench near a large wooded park. The girl was sleeping under the bench. She lay on the ground with a bundle of clothes for a pillow and an extra coat for covering. Beside her were a loaf of bread, a box of cookies and some other food she had gathered in nearby fields.

The girl explained that she had spent the time since she had disappeared in the woods, using the bench for a tent at night.

Galloway said he adopted the girl at Lawton, Okla., and that she was a quarter blood Indian. He attributed her actions to her Indian instincts.

SAYS WANDERER'S POKER PROVES HE IS INSANE

By United Press Leased Wire
Chicago.—Whether a man who bets his stack on a pair of nines and walks around his chair to change his luck is sane, was a question the jury in the trial of Carl Wanderer, ex-army officer accused of murder, was to decide.

Wanderer, charged with slaying his wife and a tramp he hired to stage a fake hold-up, is insane, witnesses testified.

Bernard Roth, a relative, declared there wasn't any doubt in his mind as to Wanderer's insanity.

"He bet his stack of chips on a pair of nines," said Roth, "and gets up and walks around his chair when playing poker."

JURY SAYS DOCTOR IS NOT GUILTY OF SLANDER

Hampton, Ia.—A jury in district court here today decided Dr. A. J. Hobson did not slander Dr. C. F. Osborne in an interview with a St. Paul newspaper reporter in which he was alleged to have said that a Hampton hospital was conducted as a private harlem for Dr. Osborne and that illegal operations were performed in the institution.

Dr. Osborne asked \$75,000 damages. Dr. Hobson denied making the statements.

The verdict was reached after eight hours deliberation.

WORLD LEAGUE IS BIG ISSUE IN STATE FIGHT

Milwaukee.—The league of nations is in the forefront in the fight for the junior senatorship of Wisconsin.

Dr. Paul S. Reinsch, democratic senatorial nominee, in his keynote speech of the campaign here last night, came out for the league presented the senate by President Wilson. He also endorsed the Cox-Roosevelt ticket.

Reinsch, a former member of the University of Wisconsin faculty, served as United States minister to China, and legal advisor to the Chinese government.

Irvine L. Lenroot, incumbent, republican candidate for the senatorship, has come out for an "association of nations" and Harding and Coolidge.

QUITS IRISH POST

London.—It is understood that Lord French will resign shortly as lord lieutenant for Ireland. Ill-health is given as the reason.

FIND NEW CLEWS TO DENTON'S SLAYER

Detectives Believe Wealthy Man Was Slain With Robbery As Motive.

By United Press Leased Wire
Los Angeles.—Jacob C. Denton, wealthy mining broker, was shot to death in the kitchen of his home the morning of June 2 and the crime was a deliberate, premeditated murder with robbery as the motive, was the opinion expressed by authorities here today.

This theory was followed by detectives and surgeons who will examine Denton's body for a bullet wound. Discovery of a bullet hole in Denton's shirt was reported by detectives today.

The newest theory of explanation of Denton's death was advanced following a purported statement accredited to Mrs. Richard C. Peete, formerly tenant in the Denton home in which Denton was said to have been murdered for revenge after he had shot and wounded a woman known as the "Spanish woman."

While the district attorney's office, which obtained the statement, has refused to reveal identity of the witness, it was learned on authority that it was Mrs. Peete.

The district attorney's office has refused to credit the story of Mrs. Peete, although details were checked up by detectives.

In support of the belief Denton was murdered in his kitchen, police today advanced the following evidence:

Discovery of a large clot of blood under the linoleum in the kitchen.

Finding of a revolver with one exploded shell, which has been identified as Denton's property.

The oil cloth in which Denton's body was wrapped when found buried in the basement of his home was identified as having come from the kitchen table.

Statement of a neighbor who heard a shot fired in the house early on the morning of June 2.

Finding of a bullet hole in Denton's shirt.

THINK DARTMOUTH MAN WAS SHOT ACCIDENTALLY

Philadelphia.—Authorities here investigating the murder of Elmer C. Drewes, Dartmouth student, were centering their search today on the writer of a letter to Drewes, dated October 9 and dealing with the purchase of an automobile.

Detectives believed the writer of the note will be able to explain Drewes' plans prior to his disappearance from Philadelphia Sunday evening. Drewes told his father he was leaving for Reading, to purchase an automobile from a Pennsylvania student named "Samuel Magee."

Authorities said they believed Drewes and other students went automobile in celebration of Dartmouth's victory Saturday and a revolver was accidentally discharged.

"Through fear, it is believed, the students handled the body to the lonely spot in Oaklane where it was found by a lamp lighter early Sunday."

NO PRICE FIXING ON GRAIN MARKET

Chicago.—The White Sox have started to rebuild their shattered machine, according to reports here today.

The once scrappy Sox were wrecked when seven players were indicted for throwing the 1919 world series.

Charles A. Comiskey, owner, was said to have offered the Baltimore club \$50,000 for three players. For two players sought from the St. Paul club, it was said, Comiskey offered \$30,000.

Comiskey was reported after Jack Bentley, southpaw pitcher, and first sacker, shortstop Daley and Bill Holten, outfielder of the Orioles.

The St. Paul men reported sought catcher Hargrave and outfielder Elmer Miller.

COMISKY STARTS WORK OF REBUILDING SOCKS

Chicago.—The White Sox have started to rebuild their shattered machine, according to reports here today.

The once scrappy Sox were wrecked when seven players were indicted for throwing the 1919 world series.

Charles A. Comiskey, owner, was said to have offered the Baltimore club \$50,000 for three players. For two players sought from the St. Paul club, it was said, Comiskey offered \$30,000.

Comiskey was reported after Jack Bentley, southpaw pitcher, and first sacker, shortstop Daley and Bill Holten, outfielder of the Orioles.

The St. Paul men reported sought catcher Hargrave and outfielder Elmer Miller.

President of Board of Trade Denies Charge of Price Manipulating.

By United Press Leased Wire
Chicago.—Trading in grain on the Chicago board of trade is on the square, F. L. Gates, president of the board, told George P. Watkins, statistician for the federal trade commission, here today.

Watkins is investigating charges made by Senator Capper and Governor Allen, both of Kansas, that grain prices are manipulated by the board and that gambling in grain is conducted on an extensive scale.

"There is no manipulation of prices or gambling on the board of trade," Gates said.

The statement was made in a private interview between Watkins and the board of trade president. Watkins will interview officials of various boards of trade in cities where they exist.

"The recent drop of six cents in the price of wheat was due to the large amount of Canadian grain coming into the country," Gates continued.

"The price of wheat did not go below the figure guaranteed by the government during the war except on two days, until October, when a large amount of Canadian grain started to go on the markets of this country."

Results of the present investigation may supplement the report of the state's attorney in New York that he was writing Replegle in regard to the summoning of Rothstein before the grand jury. Rothstein, his attorney said, was shot in New York.

RAILWAY MEN REFUSE TO JOIN MINE STRIKE

SAYS SINN FEIN IS CONSPIRACY TO RUIN BRITAIN

Chief Secretary for Ireland Answers Labor Leaders' Charge.

TO ARREST ALL LEADERS

Government's Purpose Is to Rid Ireland of All Kinds of Firearms.

By United Press Leased Wire
London.—Sir Hamar Greenwood, chief secretary for Ireland, charged in the house of commons today that the Sinn Fein campaign is an organized and highly paid conspiracy to smash the British empire.

Greenwood's charge was made in reply to an attack on the government by Arthur Henderson, labor member of the house, who said the Sinn Fein had been provoked to outrages by the government's policy of repression.

Henderson admitted there had been provocation for police reprisals but said the Sinn Feiners had been driven to act by the government's intensified coercion.

Henderson's speech launched the combined labor-liberal attack on the Lloyd George government.

Greenwood in his answer charged that Henderson had obtained his information from headquarters of the Sinn Fein army, organized as part of the "conspiracy" to disrupt the empire.

Greenwood declared it the government's policy to rid all Ireland, including Ulster, of arms and ammunition.

"We will arrest all leaders of the Sinn Fein murder gang," Greenwood asserted.

"Hundreds of these desire to emigrate to the United States but the United States is adverse to augment the forces of disorder there."

Lloyd George in his speech in the house of commons last night asked that the nation trust the government to handle the coal strike. He based this on his offer to confer with the miners at any time if they were ready to talk of an impartial tribunal to settle their wage demands or if they were ready to negotiate on the basis of increased production.

PREDICTS CHAOS IN LABOR FIGHT

British Radical Editor Says Army Will Be Powerless Against Mobs.

By United Press Leased Wire
(By Lloyd Allen)
London.—Armies an anarchy will be powerless against hungry mobs which will rise up if Great Britain labor troubles are not settled shortly George Lansbury, radical editor, said in an interview today.

Lansbury, a former member of parliament, and now editor of the Herald, was one of the leaders of the unemployed demonstration which developed into a riot in Whitehall and Downing street Monday.

"Gods know what will happen," Lansbury said.

"The Lloyd George Cabinet, with its back to the wall, is determined to fight labor."

"The cabinet does not seem to realize the tremendous social upheaval likely to result from aggravation of the present precarious situation in England when a coal strike has been piled on top of the idleness of the thousands of workers."

"Millions will be jobless soon and armies and navies will be unavailing against hungry mobs. Monday's riot was a mild sample of what will come if the situation is not relieved."

"The premier is playing with fire. He doesn't seem to realize the nation is suffering the bitterest disillusionment. The better days, crossed up before the armistice have not materialized."

UNEARTH PLOT TO FIX ANOTHER WORLD SERIES

By United Press Leased Wire
Chicago.—Gamblers plotting to "fix" a world series in addition to the one in 1919 between Cincinnati and the White Sox, according to evidence before the Cook county grand jury investigating baseball scandals.

The evidence, presented by witnesses, was that the plot failed.

Hartley Replegle, assistant state's attorney in charge of the investigation, refused to say what world series was referred to.

Arnold Rothstein, New York gambler, was expected to be heard from today.

Replegle was received from Rothstein's attorney in New York that he was writing Replegle in regard to the summoning of Rothstein before the grand jury. Rothstein, his attorney said, was shot in New York.

FEAR OF PRICE SLUMP KEEPS COAL ON DOCKS

St. Paul.—Fearing a sudden drop in prices on bituminous coal, operators are refusing to move coal from Lake Erie ports, according to a telegram to Gov. Burqueist from John F. McGee, state fuel administrator, today.

McGee is investigating the reasons for a shortage of millions of tons of bituminous coal in the northwest.

Because operators refuse to move coal to the head of the lake, the order requiring railroads to deliver 4,000 carloads of coal a day to Lake Erie ports for the northwest may be cancelled, McGee said.

Lake transportation may close soon because of cold weather and the northwest will still be without its supply of soft coal, he indicated.

No Action With Reference to Strike Is Taken at Meet- ing in London.

SITUATION IS SERIOUS

Possibilities of Sympathetic Strikes Adds to Fuel Short- age Troubles.

(By Charles McCann)
By United Press Leased Wire
London.—Transport workers and railway men marked time today refusing to rush into a strike in support of the British miners.

The parliamentary council of transport workers and railway executives met briefly today but adjourned without decision. The railway men were said to be evenly divided on the question of going out with the miners.

The transport workers were to resume their session this afternoon. The railwaymen will hold their next session tomorrow.

This official view of the strike situation was given out today at Premier Lloyd George's residence.

Both Sides Firm
"The strike is no nearer solution than it was before the statements made yesterday in the house of commons. The debates there yesterday resulted only in a clearing of the atmosphere, showing the government's firmness for a settlement based on a tribunal or provisions for increased production if a wage increase is granted. It also showed the miners' determination to stand by their demand for an unqualified increase in wages."

No meeting between government representatives and the miners is scheduled and no such meeting is in sight now. The government is confident of the full support of parliament, it was declared.

Miners' representatives agreed with the Downing street view that a solution was no nearer.

Minor Disturbances were reported from different quarters: rumors of sympathetic strikes began to spread and the nation gradually felt the effect of a lessened supply of fuel.

There were three meetings today with a possible effect on the strike. These were the meetings with the parliamentary committee of the trades union congress, the railwaymen's delegates and the transport workers' executives.

In parliament it was hinted the miners will be joined in the strike by the other wings of the alliance if the trouble is not adjusted quickly.

Railway service will be cut beginning Monday, throwing large numbers of workers out of employment.

A small band of rioters late last night caused a disturbance in the Strand, setting fire to an unoccupied building. The fire was controlled quickly. An unauthorized procession of unemployed men headed for the Whitehall rioters had been sentenced to sixty days, was dispersed without difficulty.

MACSWINEY'S MIND CLOUDED BY STRAIN

Call Relatives When Hunger Striker Suffers Two De- lirious Spells.

By United Press Leased Wire
London.—Terence MacSwiney, hunger striker in Brixton, jail, suffered two delirious spells today, the second more violent than the first.

At the first attack which lasted two hours, all relatives of the lord mayor were called to his bedside. When he had recovered somewhat physicians said his condition was not serious but his mind appeared clouded.

At 6:15, MacSwiney appeared unconscious, a Sinn Fein bulletin said.

The only sign of life was the twitching of his body and limbs.

Condemn "Atrocities"
Dublin.—Irish bishops meeting at Maynooth near here, declared in a manifesto today that the "atrocities committed in Ireland by the crown's forces are surpassed only by Turkish atrocities in frightfulness."

Men have been tortured with barbarous cruelty, it was charged; aches have been torn from their mother's arms and there have been countless raids and imprisonments without trial, burning of homes and massacres of civilians by soldiers and police, hounded by plundered drink and bent on loot.

Copper Wins Unique Race In Corridors of Court House

By United Press Licensed Wire
White Plains, N. Y.—The police man, odds on favorite, won the habeas corpus handicap from Ethiopian today, in a sensational race.
The latter although beaten, finished under wraps. The track, consisting of the corridors on six floors of the county court house, was fast.
The race was arranged under the following circumstances:
The Ethiopian, known in private life as Wm. Jasper, 50, was arrested at the Empire City track in Yonkers on a charge of maintaining a disorderly house in Newark, N. J. His attorneys brought habeas corpus proceedings and the judges ruled today that Jasper could not be held without a warrant.
The negro's attorneys told him there was nothing to prevent him attempting to escape arrest. There was nothing—except Police Chief Brady who told Detective Sergeant Henry A. Schall to guard Jasper.

Jasper darted out of the room with Schall at his heels and the attaches shouted "they're off."
Down the corridor they raced and then up a stairway along another corridor, up another stairs and so on to the sixth floor, which marked the half way point. As they came into the stretch, it was seen that the Ethiopian was tiring. Schall finally crowded him to the rail and there made a proposition of throwing the race. Jasper refused but Schall explained there was a "technicality" in the writ of habeas corpus which required him to sign some papers at police headquarters across the street.
Jasper consented to accompany Schall and as soon as they reached headquarters the detective slipped handcuffs on the negro.
Inside Newark officers were waiting with the necessary warrant. The Ethiopian challenged the policeman to a return race but the latter refused.

WOUNDED VETERAN IS APPOINTED FLAGMAN

Thomas Gehrmann, an ex-serviceman who had his shoulder shattered in the battle of Chateau Thierry and

who was lately discharged from a government hospital, is the new flagman that has just been added to the Bates and Appleton street crossing near the Northwestern freight depot. His hours are from 3 p. m. to 11 p. m. The hours of Stephen Michaels, the other flagman, are from 7 a. m. to 3 p. m.

REQUEST RECEIVER FOR CO-OPERATIVE SOCIETY

Milwaukee.—Application for the appointment of a receiver for the American Cooperative association, whose headquarters are in Milwaukee, was made today by the Jung Shoe company, a creditor. It is claimed the

REMEMBER Rebekah Harvest Supper I.O.O.F. HALL Thursday Oct. 21 From 6 to 7-80c per plate

association's liabilities are \$400,000. The assets are said to be between \$500,000 and \$800,000.
The application is expected to come up in circuit court and a receiver appointed on Tuesday next.
There are between 14,000 and 15,000 stockholders, mostly farmers. The association has seventy-eight branches, including about forty-five in Wisconsin, the remainder being located in Kentucky, Wyoming, Nebraska and South Dakota. The Jung Shoe company is a Sheboygan concern.

ANOTHER HILLIS LECTURE HERE SUNDAY EVENING

The Hillis Lecture corporation has consented to let the lecture entitled "How Bolshevism Ruined Russia," which was to have been given Sunday evening, remain over because of the importance of the theme. The Sunday evening service was given up because of the Shannon-Hugenbotham service at the Memorial chapel. The Hillis lecture will be given by Dr. L. B. Wood at 7:30 o'clock Sunday evening at the First Methodist church.

ROBBER VICTIM FOUND ON RAILS

Milwaukee Man, Beaten Into Unconsciousness, Narrowly Escapes Death.

Milwaukee.—Beaten into unconsciousness, after being robbed of \$400, Anton Schenk, 54 years old, was found lying on the Milwaukee road tracks at the foot of Seventh street where he had evidently been deliberately placed by his assailants.
At Emergency hospital it was found that Schenk's scalp was a network of lacerations and bruises.
Police believe that Schenk's assailants, in an attempt to destroy the evidences of their crime, deliberately placed the body on the tracks, where they figured it would be so badly mangled by the first passing train that all traces of the crime would be destroyed.
A track walker forestalled their plans, however, and removing the man from the tracks, summoned the police. At Emergency hospital because of his injuries and because he had been drinking, Schenk could not tell a coherent story.
Evidence that the man's assailants had endeavored to cover up their act is held by the police to be apparent in the fact that although they removed \$400 from Schenk's pocket, they left \$14.50 in attempt to impress officials that robbery was not the motive.
Schenk lives at 779 Ninth street.

CATCH PERPETRATORS OF AUTOMOBILE TIRE JOKE

(Special to Post-Crescent.)
Waukesha.—Two farmer boys were arrested east of the Grey Gables inn on the Blue Mound road early on Monday. Charges were not laid against them Monday morning, pending investigation by Acting District Attorney A. D. Young.
Shortly after midnight some one reported at the Grey Gables inn that two robbers were holding up autos farther east on the road. The sheriff's office was immediately notified and Sheriff Redford, with a posse of six deputies and police officers, rode out to the scene. They found an auto tire in the road, and stopped; some one immediately jerked the tire off the road with a cord. The deputies shouted to whoever it might be to give up. As they approached one of the deputies saw two boys arise from the ditch. He shouted to them to stop and fired a shot high. One of the boys dropped and the other ran, but was captured after a few shots had warned him the deputies meant business.
The boys claimed the auto tire trick was merely a practical joke. They gave their names as Tom Adams and Stanley Spencer, each 16 years old, both residing in the town of Brookfield.

W. C. T. U. TO HEAR CONVENTION REPORT

Reports of the state Women's Christian Temperance union will be presented at a business meeting of the Appleton branch at 2:30 o'clock Thursday afternoon at the home of Mrs. S. R. Wagg, 450 College avenue. The reports are to be read by Mrs. I. B. Wood and Miss Ada Kethroe, delegates from the local branch to the convention which was held in Ashland.
The program will also include music by Miss Crystal Shoemaker, Miss Margaret Newing, Miss Blanche Dorr and Miss Dorothy Fischel. Miss Ruth Smith is to present a reading.
Refreshments will be served after the meeting.

Wheel Rolls Away
An Appleton autoist lost a spare wheel off his machine, and was unable to find it when he retraced his route. The mystery of its disappearance was solved when a farmer notified the police that he had found it in his orchard, a number of rods from the road. The wheel evidently worked loose while the automobile was going at good speed and rolled across the ditch into the unfenced orchard.

C. OF C. INDORSES COUNTY CORN SHOW

Many Important Problems Discussed at Meeting of Board of Directors.

Many important matters were up for consideration at the meeting of the board of directors of the chamber of commerce in the French room of the Sherman house Tuesday evening. Several committee reports were presented and the rural affairs committee was authorized to proceed with the proposed corn show for the farmers of Outagamie county.
A request of the Ninth Regiment band for financial aid was up for consideration. Plans for extending aid were advanced, and a committee was finally appointed to go into the matter fully and report at the next meeting.
John Hettinger, chairman of the community welfare committee, presented a report on the visit to the Oshkosh parks. He mentioned the interest shown by Oshkosh park board members in the parks, and stated that some had been members for over 20 years. The report stated that Oshkosh has parks of 80, 70 and 10 acres each, but that Appleton has only about 35 acres. It was also announced that the Oshkosh park board might pay a return visit here next week.

Plan Open Forum
City planning was also referred to in the report. An open forum meeting for all citizens of Appleton will take up this subject in the near future. Efforts will be made to bring Dr. John Nolen here as early as possible to present this subject.

Chairman William Fountain of the rural affairs committee also presented a report touching the progress made toward a community building to house the welfare organizations. Every organization consulted had become enthusiastic over the idea. The report stated that tentative plans for such a building would be presented as soon as all interested bodies had been consulted. Advice of outside experts familiar with such a subject would be sought.

Indorse Corn Show
The committee's report recommended that a corn show be conducted every fall in Outagamie county, and that cash prizes be offered the farmers.

FOR RENT
Seven room suite, third floor Olympia Bldg., suitable for living rooms or offices. Possession November 1st. \$45 per month with heat. 1 or 2 year lease. Phone 661.

Persons producing the best ears. The directors adopted the report and told the committee to proceed with the contest at once. The entire report of the committee dealing with cooperation with the farmers was adopted and heartily endorsed.

Automobile trips to Chilton and Oshkosh in the interest of the improvement of Lake road were described in the report of the special road committee. It stated that the road and bridge committees of Winnebago and Calumet counties had been consulted and were considering the matter.

Secretary Corbett presented a report on the proposed program for the meeting of the National Organization of Commercial Secretaries at La Salle hotel, Chicago, October 25, 26 and 27. He stated that the gathering would bring secretaries from every worth while chamber of commerce in the United States. Some of the subjects to be presented and discussed were common sense plans for city development, reasons why a chamber should cooperate with the farmer, the part chambers should take in industrial financing and when, and junior chambers of commerce and their value.

The meeting also takes up the subject of state chambers of commerce. Secretary Corbett is chairman of a committee investigating and arranging one for Wisconsin. He is also on the committee which will prepare the proceedings of the national secretaries' meeting. The directors instructed him to attend the Chicago gathering, which will start Monday.

Want to Locate Here
A number of letters on chamber of commerce matters were read by Secretary Corbett. Two of them dealt with industries desiring to locate in Appleton, but both required either a bonus or a building.

A letter from the Badger State Advancement Association for the Blind sent to a local business man was read. It stated that the most methods of raising money, which the local chamber discredited by withdrawing its credentials, had been abandoned, and that the plan is now to let each city raise its own funds. No action was taken on the letter.

Announcement of the subject for the next member forum meeting was presented. Other minor matters were also discussed.

WANT ALL STUDENTS AT HIGH SCHOOL PARTIES

Social activities were discussed Tuesday at the first meeting of the junior and senior classes of the high school. Socials heretofore were little more than dances, which were given after football or basketball games. Not more than 100 students attended these dances, and the rest of the students were almost without any form of social amusement connected with the school.
It was decided to cut down the number of dances and make those which were given worth while for everybody. A schedule will be mapped out for the coming year, and every effort will be made to offer social entertainment to all the students.

Walter Peters of Oshkosh, was a business visitor here Wednesday. Children's velvet tops with tassels trim in all colors at \$1.25 The Fair.

WILL NOT COMPETE IN POSTER CONTEST

High School Students Do Not Take Much Interest in That Kind of Work.

Appleton high school will not compete in the Salvation army poster campaign this year, Miss Blanche Ferguson, who has charge of those activities, said Tuesday afternoon. Miss Ferguson said that she only recently received definite announcement of the campaign and that there is not sufficient time in which to arouse enthusiasm for the work. The Salvation army requested 200 or 300 posters but the high school would not be able to make more than 10 or 15 because of lack of interest and knowledge of the work.

That the students did not take the interest they should in the poster work was admitted by Miss Ferguson. "We tried to make posters for the Woman's Club campaign last year, but so few reported for the work that we had to give it up."
High schools all over the state were asked to take part in the poster campaign.
The best posters in each high school are sent to county headquarters, where excellent specimens are to be selected for the state contest.

NEW BOWLING LEAGUE FORMED AT ARCADE

A new six team bowling league called the "Monarch-Arcade" is to be organized Wednesday, October 27, at Arcade alleys, and will start its schedule the following Monday. The teams will roll Mondays, Wednesdays and Fridays of each week. Registrations are already being received at the Arcade alleys.
Women bowlers are increasing in numbers. The two alleys reserved by the Appleton Women's Club are in use Monday, Tuesday, Thursday and Friday, and there is a full attendance of teams each time. Another women's bowling club is rolling every Wednesday evening. The popularity of bowling among women may lead to the formation of afternoon clubs, as the alleys are now used to capacity evenings.

LEGAL NOTICE

STATE OF WISCONSIN—MUNICIPAL Court, Outagamie County.
Johanna De Bruin, John De Bruin, Peter De Bruin, Henry De Bruin, Martin De Bruin, Mary Promer, Hattie De Bruin, Diana De Bruin, Laura De Bruin and Katherine De Bruin, plaintiffs,
vs.
Mildred De Bruin, Donald Hopfenberger, infant, and Cyrilus Hopfenberger, infant, defendants.
By virtue of a judgment of partition and sale in the above entitled action on the 5th day of October, 1920, the subscriber, Sheriff of Outagamie County, will sell, at the east door to the Court House of said County, in the City of Appleton, Wisconsin, on the 23rd day of November, 1920, at nine thirty o'clock in the forenoon of that day, the real estate described by said judgment to be sold, and therein described as follows:
Lot Nine (9), except the southerly thirty (30) feet thereof, in Block twelve (12), of the Assessor's plat of the City of Kaukauna, Outagamie County and State of Wisconsin.

ADDING MACHINE

CAN'T FIND HALLS FOR CANDIDATES

Five Political Addresses Are Scheduled for Appleton Within a Week.

William J. Morgan and Col. Robert B. McCoy, who are to speak here Thursday and Friday evening, may be obliged to talk out of doors unless their arrangement committee can find halls for them. Up to a late hour Wednesday afternoon the speaking places had not been selected for either of the men.
An effort is being made to secure Lawrence Memorial chapel for Col. McCoy's address. It was originally planned to hold the meeting in the armory but that building will be used for another purpose that evening. Mr. Morgan may deliver his address there Thursday night, however.

Dr. Paul Reinisch, democratic candidate for United States senator, will speak here a week from tonight. The place has not been selected.
Former Congressman M. K. Reilly of Fond du Lac, is speaking to Appleton women at Elk Club Wednesday afternoon. His subject is the league of nations. The other side of the league question will be presented next Saturday night when Senator Reed of Missouri, democratic opponent of the pact, speaks at the armory.

TWO TEAMS TIED IN SOCCER BALL LEAGUE

The First ward and Columbus-Franklin schools are tied for first place in the grade school soccer football league following the second series of games Tuesday afternoon.
Fourth ward lost to the First ward, 2 to 4 while Third ward school won from Lincoln by a score of 20 to 0, and Columbus-Franklin won, 10 to 0, from the Fifth ward.
Each team has three more matches to play before the championship is decided.
Next Tuesday Columbus-Franklin will play Third ward, Lincoln will play the Fourth ward and the First ward school will meet the Fifth ward.

Mark Catlin returned Tuesday evening from a business trip to Madison and Milwaukee.

E. F. U. Card Party Friday Oct. 22nd—Schaafkopf and Cinch will be played—Prizes given—Hot lunch served. 10-20-21

BLAINE PLAYS FOR FARMER SUPPORT

Gubernatorial Candidate Hits at Enemies of Non-Partisan League.

John J. Blaine, republican candidate for governor, addressed a few hundred people at the courthouse Tuesday night on campaign issues as he sees them. A large part of his address was an attack on newspapers fighting the Non-Partisan league, Outagamie county officials and the "night riders" of the liberty loan campaigns. He declared that the night riders violated every law which guaranteed protection to life and property.

Mr. Blaine voiced his opposition to the Each-Cummings bill and to other platforms indorsed by the republican national convention.
The speaker declared he was working for the interests of the farmers and laborers and charged his opponents with working hand and hand with capitalism. The greater part of the

13 Eggs A Day From 17 Young Pullets

Mrs. Niles Starts 6-months Old Pullets Laying. Tells How.

"Early in November, I bought a package of Don Sung and started laying it to 17 May pullets. In the first 30 days they laid 138 lovely eggs. All through December I got 11 to 15 eggs a day." Mrs. E. S. Niles, R. F. D. 2, Lu-cerne, Ind.
Mrs. Niles found how to start young pullets laying late in winter. The same method helps hens every low weather.
Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, simply tell us and your money will be cheerfully refunded.
Don Sung (Chinese for egg-laying) is a scientific tonic and conditioner. It is easily given in the feed, improves the hen's health and makes her stronger and more active. It tones up the egg-laying organs, and gets the eggs, no matter how cold or wet the weather.
You can obtain Don Sung from your druggist or poultry remedy dealer, or send \$1.04 (includes war tax) for a package by mail. Burrill-Dugger Co., 214 Columbia Bldg., Indianapolis, Ind.

DON SUNG Chinese for Egg-Laying

address was a defense of his position in not standing by the republican state committee, stating that he could not endorse a platform which, he felt, was not wanted by the people.

Fred McCrerey was a business visitor in Oshkosh Tuesday.

Thomas Doyle is visiting friends in Minneapolis.

J. A. Jones of Marinette was a business visitor here Tuesday.

Good Advice to a Dyspeptic

Give the Stomach Help to Digest Food and to Offset the Tendency to Acidity. Use Stuart's Dyspepsia Tablets

The wholesale advice to starve your way to stomach health is mighty poor judgment. Only the most robust con-

stitution can stand such a strain. If you cannot eat, if what you eat sours, if your indigestion follows certain foods that cause heartburn, sour stomach, or gasiness try Stuart's Dyspepsia Tablets. And if there is a feeling as if your stomach had turned into concrete these tablets help digest the food and thus bring relief. Many physicians write "Stuart's Dyspepsia Tablets as directed" on a prescription blank when patients are distressed with frequent attacks of indigestion. They furnish the alkaline effect to offset acidity of the stomach and also pancreaticin to aid intestinal digestion of starchy foods.
Get a 60 cent box at any drug store eat what you enjoy, take a tablet or two after meals and thus avoid the distress due to indigestion or dyspepsia. adv.

A. E. BECKER COMPANY

4th and Wells St. Milwaukee, Wis.

They Are Your Neighbors

These folks are your neighbors. They work for the telephone company. They are regular people, just like you, your friends and family.

They eat food, wear clothes, live in houses, talk, laugh, sing, cry, get peevish (and get over it), enjoy the movies and home-made pies, just like you.

These folks are trying hard to give you the best telephone service in the world. They take pride in their work and in their company; but sometimes, when they hear you complaining about paying a few dollars a year for telephone service, they become worried and wonder how they are going to make ends meet—for they know their wages depend on what you pay for your telephone.

Sometimes some of you forget that the telephone company is made up of folks who are just like you.

The more loyal support you give the telephone the better service it can give you.

WISCONSIN TELEPHONE COMPANY

THOS. F. GARLAND, Mgr.

CHANGE DATE OF CITY SCOUT RALLY

Demonstration and Roosevelt Address Will Be Held Friday Afternoon.

A complete change has been made in the time for the city scout rally announced for Saturday at City park. There is to be no school Friday, and E. R. Henderson, scout executive, has therefore arranged to hold the rally Friday afternoon.

Members of every scout troop in Appleton, including about 200 boys, will assemble at 1:30 o'clock at Soldier square. From there they will parade to the park, probably headed by a band. A series of scout demonstrations will be put on up to 3:30 o'clock. Dr. I. B. Wood will then address the scouts and the public on the life of

GRADE HEARING IS AGAIN POSTPONED

Theodore Berg, city attorney, received a telegram from the railroad commission Tuesday morning announcing that the hearing on separation of grades of the Northwestern Railway company and the Wisconsin Traction, Light, Heat and Power company at Second avenue crossing in Appleton, which was to have been held at the city hall Tuesday afternoon, was postponed until a later date.

Col. Theodore Roosevelt, whose birthday occurs October 26.

The demonstration will be in progress for about one and a half hours and will include mass games, drill, setting up exercises, tower and bridge building and first aid. Mr. Henderson states that the scouts will also try to set up a model overnight camp, including tents and equipment, campfire, hospital tent and other features accompanying such an outing.

The purpose of the rally is to stimulate interest in the scout work and visualize to the people of Appleton some of the things it actually does. Mr. Henderson said that he would like to have every citizen who has the time to come to the park during the demonstration and also listen to Dr. Wood's address in honor of the Roosevelt anniversary. It will be one of the biggest public events ever held by the Appleton Scout council.

DEATHS

MRS. A. M. ARBESON
The Rev. T. D. Williams, superintendent of the Appleton district of the Methodist church, will assist in funeral services for the late Mrs. A. M. Arbeson at Antigo Wednesday afternoon. Mrs. Arbeson was a student in Lawrence college before her marriage. She was then Miss Louise Henschaw. Her son, Morris Arbeson, is now a student at the college.

LOCAL TEAMS WIN VOLLEY BALL GAMES

Fond du Lac Drops Seven Out of Nine Contests to Appleton Squads.

Appleton volleyball players defeated three Fond du Lac business men's team seven out of nine games in the inter-city contest Tuesday night at the Y. M. C. A. The second and third Appleton teams won three straight games while the first team took only one out of the three. Return games will be played in Fond du Lac.

The visiting volleyballers were swept off their feet by the attack of the local exponents of the game. Except in the games with the first squad, the visitors never had a chance.

The sting of defeat, however, was wiped out by the splendid entertainment provided by the Appleton men. The visitors were entertained at an informal reception in the lobby of the Y. M. C. A. shortly after their arrival by automobile. They were guests of the local men at a 6:30 o'clock dinner which was followed by an informal program. Brief addresses were delivered but Mr. Carlander, general secretary of the Fond du Lac Y. M. C. A.; Mr. Schmidt of the International Y. M. C. A. committee, who accompanied the visitors here, and F. J. Harwood of the local institution.

The games began at eight o'clock. H. J. Martin, of Fond du Lac, refereed the first two matches and C. O. Gochbauer of Appleton officiated in the third.

Births

A son was born yesterday to Mr. and Mrs. Carl Ulman, Alvin street.

VALLEY PYTHIANS ARE COMING HERE

Initiation of 200 Candidates of Valley Cities Slated for November.

Practically the entire membership of the Knights of Pythias will be represented at the fall, which will be a banquet at Castle hall at 6:30 o'clock on Wednesday evening.

The various committees have been busy mapping out the winter's activities and will present their plans to the members. Several local Pythians will give short addresses.

Plans will also be completed for one of the biggest fraternal events of the season in the Fox River valley. It will be a joint initiation of candidates of all lodges from Green Bay to Fond du Lac, including Sheboygan, Manitowish, Oshkosh, Neenah and many other cities. A meeting of representatives of each lodge was held Monday at Green Bay and it was agreed that all would hold candidates for initiation until the latter part of November, when the big gathering will be held.

The ceremonies will take place in Appleton, probably at Lawrence Memorial chapel. There will be about 200 candidates and close to a thousand Pythians will be in the city for the event. Members of Garfield lodge, Milwaukee, will conduct the initiatory ceremonies.

GETS THRILLING RIDE WITH "FASTEST HORSE"

A young man employed in a grocery store on Cherry street called at August Jahne's livery stable on Superior street Tuesday afternoon and wanted a horse and buggy to go to the Junction. A horse was brought out but he was not satisfied with its appearance and said he wanted the fastest one in the barn. Another more to his liking was hitched up and he went his way. He was only gone a little while before the horse returned to the barn with the driver clinging to the reins. At the Junction one side of the hills gave away which caused the animal to become unmanageable and he started for the barn. He exceeded the speed limit all the way and managed to dodge the automobiles on Second and Walnut streets and on College avenue although the buggy was swinging from one side of the street to the other.

DERAILED FREIGHT CAR DELAYS C. & N. W. TRAINS

Night trains on the Chicago and Northwestern railroad were delayed several hours because of a freight car derailed near the State Hospital station. One car of a southbound freight leaving Appleton about seven o'clock Tuesday evening left the rails, and was not removed from the right-of-way until about three o'clock in the morning. The passenger trains detoured over the Hortonville route and switched back to the northern division tracks at Appleton Junction.

TRAVELING MAN FINDS HOTELS CUTTING PRICES

An Appleton travelling man who covers several states brings home the information that hotel prices are also hitting the toboggan. He states that one of the leading Omaha hotels announced a cut of 25 per cent in the price of meals, and that others have made reductions of a similar amount or less. The reason for the movement is given as the lower cost of coffee, vegetables, other foods and overhead expenses.

REORGANIZE AND ASSIGN SCOUT TROOP TO LEGION

Troop No. 5 of the Appleton Boy Scout council is to be organized at a meeting at 7:15 o'clock Thursday evening at the Y. M. C. A. All old members of the troop are expected to be there, and new ones will be added to complete the quota. This is one of the independent troops and is to be taken in charge by the Oney Johnston Post of the American Legion. The post has appointed a committee to look after the troop, which will provide a scoutmaster and keep in touch with the scout's progress.

SENATOR REED WILL SPEAK HERE SATURDAY

James A. Reed, democratic United States senator of Missouri, will speak on the League of Nations at the Armory Saturday evening, Oct. 23, under the auspices of the Farmer-Labor League. The business meeting of the League, which is to be held that evening, will precede the address. Senator Reed is an opponent of the league and has incurred the enmity of democratic leaders by his opposition to President Wilson. He was regarded as opposed to the war with Germany.

NEW SIGNS PROHIBIT PARKING OF AUTOMOBILES

New metal parking signs prohibiting the parking of automobiles between Midway and Soldier square on Oneida street were placed on the sidewalk in that block Wednesday. Signs prohibiting the parking within a certain distance of crossings on College avenue have also made their appearance.

NINE INJURED WHEN STREET CAR OVERTURNS

By United Press Local Wire
Sioux City, Ia.—Nine persons were seriously injured when a Sioux City Traction company car overturned rounding a corner here early today. The car, heavily loaded, came down a long incline and attained a high speed before it reached the corner.

The name Epson salts is derived from the sulphate of magnesite springs of Epson, in Surrey, Eng.

Town Talk

Sells Farm

Joseph Fischer, Black Creek, has disposed of his farm to J. Stephens of Minnesota, who has already taken possession. Mr. Fischer has purchased the residence on South Division street recently erected by H. M. Heule, and will make his home here.

Organizer Speaks

Paul C. Huybrecht, Green Bay, or spent Tuesday evening here and conferred with the striking machinists of the Eagle Manufacturing company. No new developments were reported in the strike situation.

Auto Hits Street Car

The 4:45 o'clock interurban car collided with an automobile owned and driven by Jacob Scott of Kimberly at Grand avenue crossing at Little Chute while on its way to Kaukauna Tuesday afternoon. No one was injured and the automobile was only slightly damaged.

Rotary Meets

The Rotary education committee had charge of the Rotary club meeting Tuesday noon at the Y. M. C. A. Joseph Koffend, a member of the committee, reviewed a recent address of ex-President Adams of the International Rotary association. President

Thiede announced that Dr. Harrington, of the Wisconsin Anti-Tuberculosis association, would be the speaker at the next meeting.

Case is Settled

The case of Puh vs. VanOoyen which was on trial in circuit court Tuesday was settled before it reached the jury. It involved a commission for the sale of real estate.

K. C. to Meet

The regular meeting of the Knights of Columbus will be held Thursday evening at K. C. hall. Routine business will be transacted.

Student Will Speak

Theodore B. Tu, Chinese student at Lawrence college, will be the speaker at services in the chapel of Memorial Presbyterian church at 7:30 o'clock Thursday evening. Mr. Tu is a graduate of Tsing Tuna college of Pekin, China.

Report Car Stolen

The Appleton police department has been notified of the theft of a seven passenger Case touring car from Racine October 15. The license number is 4941-W.

Addressee Young People

C. Tu, a Chinese student at Lawrence college, will address the Young People's Society of the Methodist church at 6:30 o'clock next Sunday evening. His subject will be "China, Present, Past and Future." It will

DR. WOOD TO CONDUCT SPECIAL STUDY MEETINGS

Thursday evening will mark the beginning of a series of special studies for the mid-week meetings of the First Methodist church for the fall and winter. The first Thursday of each month, Dr. I. B. Wood will discuss "Studies in Personal Evangelism." "The Outlook in the World Field," giving special consideration to the work accomplished in the home and foreign mission fields through century funds, will be discussed on the last Sunday of the month. The other Thursday evenings of the month will be devoted to the study of the "Life and Writings of St. John."

REALTY TRANSFERS

A deed was recorded at the office of register of deeds Wednesday morning that involved a tract of land that sold for \$7,500. The property belonged to Lewis Werth and was sold to William Werth. Other transfers recorded were: Frank Bartz to C. J. Glaser and D. E. Vaughn 2 lots in the First ward, consideration, private; S. J. Glaser and D. E. Vaughn to Frank Bartz, 4 lots in the First ward, consideration, private; W. R. Harwood to Julius Schultz, 2 lots in Fox plat, Grand Chute, consideration, private.

Mrs. Carl Griem returned from a visit to Waupaca Tuesday evening.

be his first appearance on the platform.

CABBAGE WAREHOUSE BREAKS UNDER STRAIN

A loss of from \$200 to \$300 was suffered by the Guenther Transfer and Supply company Tuesday when one end of the warehouse which is situated near the Junction depot, partially collapsed. The break was caused by overloading. About 200 tons of cabbage owned by A. W. Laabs half filled the building. It is claimed that the end of the warehouse had been breaking, one beam at a time, for the last week. It had been propped with posts.

Miss Florence Reinick of Wausau, has accepted a position at the Junction hotel.

Oscar F. Weisgerber, city engineer, returned Tuesday night from a several days' visit at St. Paul, Austin and Albert Lee, Minn.

Mrs. Frank Forster of Cleveland, Ohio, is visiting at the home of Mrs. A. Forster, 302 Maple Grove street.

Miss Helen Garvey of Freedom, has returned to her home after spending several days with relatives here.

Joseph Rogers of Soperton, was an Appleton business visitor Tuesday.

Thomas McGahn is in Oshkosh on business.

H. Schlegel is on a business trip to Milwaukee.

Favorites of Fashion SUITS

SECURITY

The attractiveness of any security is the assured soundness of the company issuing it. The Aluminum Goods Manufacturing Company has during a period of twenty-six years grown to be one of Wisconsin's strongest and largest industrial organizations. In its own field it is one of the largest in the world.

GROWTH AND PRODUCTS

A consistent growth has marked the development of the company. Its policy has ever been to temper enthusiasm with judgment—a judgment based on the calm review and analysis of past experiences. Its products, known and used both nationally and internationally, are looked upon as the standard in that particular industry.

A KNOWN ORGANIZATION

To the people of the surrounding territory, the Aluminum Goods Manufacturing Company is no stranger. Its development, policy, products, in fact the very moulding of its entire organization is a record of fair dealing, progressiveness, quality products, modern merchandizing methods and sound business principles.

A Personal Statement

"It is with genuine pleasure that I personally recommend this 7% Cumulative Preferred Stock.

"To those wishing to invest their money in a gilt edge security yielding a high and positive return, I know of no better opportunity and I have no hesitancy in giving it my unqualified personal endorsement.

"I say this with confidence. Being closely associated with the Aluminum Goods Manufacturing Company almost from its inception twenty-six years ago, I understand the consistency and soundness of its growth, its earning power and future possibilities."

GEORGE WITS,
Pres. and Gen. Mgr.

DETAILS OF STOCK SALE

This preferred stock is now on sale at the general offices of the company, Manitowoc, Wisconsin. Price: \$100. per share, with dividends payable from date subscription reaches the office of the company. Further details may be had by calling at the offices, or a request will bring a circular giving detailed information.

THE MASS AND THE MAN

The American Farm Bureau Federation from its headquarters in Chicago, is sending out a pamphlet "designed to cover in a broad, constructive manner, our present day agricultural problems and their relation to the general welfare of the nation." A section of it compares the relative advantages of city and country life. Two paragraphs strike home forcibly. Says one: "The city man is only one of the masses—the farmer is received by his fellow farmers on his merits as a man."

That is a tremendously important truth. It is manifest in more ways than one. In the country neighbors depend upon each other for many things for which city dwellers call in experts. A favor never is refused, because the man called upon does not know how soon he may be asking a favor himself. Even bitter enemies are seen associated in threshing crews. If they do their work well the enemy gives them credit. They are adjudged on their merits as men. If one of them is injured the entire neighborhood for miles around will aid him—not alone in ordinary ways but by working his farm for him when he is laid up. If a city man is injured he gets his name mentioned in police headquarters, perhaps a paragraph in the newspapers and is forgotten. He is one of a hundred thousand or of a million and of no particular consequence to the other 99,999 or 999,999.

We all like to be considered of some little consequence. Some of us in cities try to do stunts or ride hobbies out of the ordinary in order to gain distinction. In the country a man is distinguished for what he actually is. Knowledge of this impels him to try to be a regular man and a good neighbor. In a city a man may walk a block and meet several hundred persons not one of whom he knows or cares a snap about or who cares a snap about him. In the country every one he meets knows him and generally there is a cheery welcome.

Says the Farm Bureau pamphlet: "Agriculture is the most stable of all industries. Wars may devastate, panics may bankrupt, markets may become stagnant, but the farmer continues to live more or less as usual." This needs no elucidation. Men and families who have been crowding into cities in such great numbers as actually to reduce rural population can find food for much consideration in these two propositions.

NO SLACKENING

The latest figures on foreign trade show that during the first eight months of 1920 American exports increased over 200 million dollars. During the same time imports increased over a billion and a half. The world is thus paying her debt to America. But, you notice, the exports didn't drop. They increased. Which is highly satisfactory to American industry.

It is true that exports to Europe fell nearly half a billion; but this decrease was made up by the half billion increase to North America. And, better still, American exports to Asia, Africa, Oceania, South America, increased in 1920. What exports this country lost to France, England and Italy she more than made up by increasing exports to Cuba, Canada and Mexico, next door neighbors.

This is a healthy showing. It indicates that if Europe cannot buy because of war debts and reconstruction work Asia, Africa, Australia and South America can and that there need be no slackening in production. If we have lost our best customers temporarily we have already found new ones to take their place.

MAKING A SCRUB AMERICA

Immigration officials report that the influx from Europe has reached practically the high mark of prewar years. 800,000 aliens arriving in the past fiscal year and 5,000 daily being cleared at Ellis Island since then. This fulfills predictions made during the war that after the conflict ended there would be an unprecedented rush to America to escape the consequences of the war. It was to prevent such a tide that legislation was proposed imposing further restrictions upon immigration.

While the object of the American Federation of Labor in proposing restrictions primarily is to prevent European competition with American labor there are two other reasons which seem to make restrictions advisable.

Aliens coming now are as certain to inter-marry with natives as were those who came in former decades. Wedlock is not only spiritual but biological in its effects. Therefore it must be considered from its physical standpoint. When a livestock breeder selects the head for his herd, flock of sheep or his poultry pen he does not impose an educational test. He judges by the class of the animal or bird. To develop a new breed of merit most careful selections must be made.

Perhaps this may be regarded as an ultra-material way in which to treat of the subject of marriage, but nevertheless it is a sane one. We of the twentieth century never saw an ancient Greek or Roman. Our impressions of them are gained from their art and literature and they are favorable impressions. Men of these nationalities we feel sure, were intelligent, of noble stature and appearance, in fact beautiful types of humanity. Homer, Demosthenes, Socrates, Pliny certainly were men of massive intellect and Greek and Roman statuary depicts a race fit for the admiration of any man. But the type has disappeared. Both Greeks and Romans of the old class were wiped out by marriage with men and women of scrub nations, which first they conquered and later were conquered by. The mixed races which have succeeded them are decadent.

The process of destruction required several hundred years. The United States is less than 150 years old. It well can afford to look ahead by making a careful selection of the aliens it welcomes to marriage with its young Americans. Their descendants will be the Americans of the future.

ANOTHER WAR HALTS

The armistice signed by the Poles and Russians at Riga shows the difference between today and yesterday. But yesterday the victorious bolsheviks at the gates of Warsaw were demanding the most humiliating concessions from Poland, including sovietizing the entire front, the Reds bow to the inevitable and humbly accept Poland's terms for peace.

As a result the Poles have obtained an armistice line far beyond Brest-Litovsk. This line runs from a point east of Dvinsk, southwest through Baronovitchi to the Rumanian border, and is practically the old German defensive line of 1916-17. It is some distance inside the eastern boundary of Poland before that unhappy country was partitioned in 1772, but it probably represents the extreme territorial demand of the Poles in the final treaty with Russia, for the former also obtains a corridor to the east of Lithuania, shutting off all contact between soviet Russia and the Lithuanians, who have gradually been coming under Red domination.

These lines are likely to stand so far as the rest of the world is concerned. Poland fought, and won, her own war with the aid only of expert French military advice. Though a member of the League of Nations the league could not prevent her from plunging into war against Russia nor extend help when her case became desperate under invasion. So it does not appear that the allies or the league will have much to say about the terms of the hard won peace.

HEALTH TALKS

BY WILLIAM BRADY, M. D.
Noted Physician and Author.

Dr. Brady will answer all signed letters pertaining to health. Writers' names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped, self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

PROTOZOIC DIARRHEA

Visitors to tropical countries, such as the Philippines, know what tropical dysentery is. The disease is produced by an ameba, one of the protozoic organisms, which gains entrance to the alimentary tract in drinking water.

Dr. Frank Smithies, of the University of Illinois, has encountered 93 cases of protozoic diarrhea in the study of 1,000 patients, largely from the northern half of the middle west, a region where this type of intestinal infection is generally supposed to be unknown. But nowadays the free intercourse between Mexico, South America, the Far East and the United States may be a factor in the spread of tropical diseases. Fifty-two of the patients were of Scandinavian birth or extraction and the others were Americans, Irish, Russians, Austrians and English. They came from Illinois, Iowa, Wisconsin, Nebraska, Michigan, Indiana, S. Dakota, Arkansas, Ohio, Texas, Kentucky and California.

Dr. Smithies suggests that the infection occurred through drinking water from shallow dug wells, contaminated springs and ponds or lakes polluted by drainage systems. The contamination of garden vegetables by such water used for washing, particularly celery, lettuce, radishes, tomatoes and other things eaten raw, is another mode of infection with protozoa and other intestinal parasites. People who like garden truck are by no means confined to the country. I'm strong for it myself. I like it raw, washed, if possible. Match-nikoff advised against eating raw vegetables and fruits, but I mean to live longer than he did. Various parasites which produce disease in man are natural inhabitants of the intestine of animals.

The diarrhea of amebic, or protozoic origin, is usually intermittent, with normal bowel action in the intervals between the frequent attacks of diarrhea over a period of years. It is usually of the gassy type, without much discomfort, and hemorrhoids is a frequent complication. The victim complains of dyspepsia, sometimes colicky pains, loses weight and strength, becomes anemic and feels a peculiar melancholia or dread of impending evil. The diagnosis is made by finding the protozoic parasites in the intestinal discharges, by microscopic examination. The cases caused by amebae are treated with Ipecac and its active principle, emetin, the latter hypodermically administered; this drug is an amebicide. Cases due to flagellate protozoa are treated with calomel, eposm salts and sometimes thymol.

For a year or more after apparent cure of an amebic or protozoic dysentery the patient may still be a "carrier" of the parasites, and for this reason as well as for his own protection against recurrence, microscopic examinations are advisable three times a year, with abbreviated courses of treatment if any parasites are found.

QUESTIONS AND ANSWERS

The Quest of the Symptoms

I have a leaky heart valve, according to one doctor. Sign I want you to write and tell me what symptoms I should watch for. (Mrs. D. M.)

ANSWER—I never tell readers symptoms of disease. That would be reversing the proper custom—it is for the patient to tell her physician the symptoms.

Far Be It From Me

I am 20 years old and five feet and five inches tall. As I weigh 138 pounds I am naturally anxious to reduce and would thank you for a ticket of admission to the Karrell Club. Can you recommend any exercises to reduce the hips and the abdomen? (Miss P. C.)

ANSWER—You are one reason why I insist on readers mentioning age, height and weight when they request advice about reduction, unless they can use the title of Mrs. In which case no such data are required. The ideal or perfect woman is five feet five inches tall and weighs 138 pounds at age 35. You have arrived at the ideal proportions a little earlier than most of your sisters, but be it so, never a hint of reduction will you get from the conductor of this column. I can't for the life of me understand why perfectly proportioned young women yearn to imitate animated clothes racks or those attenuated figures on which the fashion designers hang the latest freak apparel. I'll be glad to send you some exercises to keep you in good condition and oppose any tendency towards corpulence, but not a word about reduction. The average or ideal weight for a girl of twenty, 65 inches tall, is 127 pounds, but up to 139 pounds she still comes within the permissible ten per cent excess weight, and that amount of superfluous flesh in a young person only adds to her good looks, not to mention good health. It is after thirty-five that superfluous weight is of ill omen; and it is after thirty-five that an excess of weight spoils good looks. I wish you pulchritudinous young things would learn to be happy with what you have—but I suppose it is contrary to the nature of the sex to be contented.

TWENTY-FIVE YEARS AGO

Wednesday, Oct. 23, 1895

Physicians reported quite a number of typhoid fever cases in the city.

D. B. Bailey's delivery team ran away, but did very little damage.

Drs. Emory Stansbury and J. S. Reeve attended the session of the Fox River Valley Medical association at Oshkosh.

Ira Roblee was laid up with a strained back due to heavy lifting.

G. L. Hopkins and Fred Herbst of the town of Dale reported that the country out their way was very dry and that fall plowing and other farm work was greatly retarded in consequence.

Peter Sauter's barn back of his saloon at 986 College avenue was destroyed by fire and a barn belonging to Mrs. E. Mundt nearby was badly damaged.

Frank Higgins, a tramp, stole an overcoat from in front of Joseph Spitz's clothing store. Twenty minutes later he was arrested by Officer Zuchlik at the Northwestern depot as he was about to catch an outgoing freight train.

The new greenhouses at Riverside cemetery built during the previous summer were occupied and were a veritable mass of blossoms.

F. J. Loftus, who was walking from Green Bay to New Orleans on stilts, reached Appleton the previous night and resumed his journey the following morning.

Hattie A. Dodge, daughter of Mr. and Mrs. O. W. Dodge, died at Appleton at the age of seven years. George Potis returned from Rainy Lake and Seine River gold fields, where he was financially interested.

Mr. and Mrs. Willis Knickerbocker of the Fourth ward celebrated their silver wedding anniversary the evening previous.

WAR VET HURT IN RUNAWAY

Iron Mound, Ky.—Louis Beazin served 10 years in the army, passed through bloody battles of the Argonne, experienced many hairbreadth escapes, but when he came home on a visit and hatched up the old family pig, he received injuries which will probably cause his death. The old horse ran away with him.

On Behalf of Innkeepers

By Frederic J. Haskin

New York.—With three of New York's great hotels—the Knickerbocker, the Manhattan, and the Holland House—going out of business, there is a general impression abroad that some mysterious force, usually assumed to be prohibition, is taking the profit and the joy out of the innkeepers' life.

As a matter of fact, this is not exactly true, according to the men who run hotels in New York. The information here set forth was obtained largely from these men, and is to be taken as an expression of their point-of-view and experience.

They say that the hotel business has by no means become either unprofitable or unattractive in New York and the great business of entertaining the army of transients who go to the city every day for pleasure and business is not in for a crimp. Quite another reason accounts for the demise of the several famous hostleries mentioned. The prominent downtown corners upon which they are located are worth more for office space than for hotel space. The value of the ground rent in downtown New York has increased several hundred per cent in the past few years. An office building must be in the heart of the business district, but a hotel can serve its purpose somewhere else, nearly, if not quite, as well. Experienced managers could have been found to take over the Knickerbocker and run it on a seventeen-year lease, similar to the one under which it has been running, but they could not afford to pay for that lease as much as the space is worth in office buildings. For this reason the Knickerbocker had to go, and the same is true of the two others. Also the ground floor of the Wallack is to be converted to business purposes and the rooms added to the Claridge, for similar economic reasons.

Hotels Move Uptown

What all this portends primarily is another migration of the famous New York hotel section a little farther uptown. The hotel belt used to be from Twenty-third Street to about Thirty-fourth. Now it begins at the Pennsylvania Depot, which will of course always draw hotels about itself, and runs to Fifty-seventh Street and beyond. The center of it is around Forty-second, but it will not long stay there.

Incidentally, all this may mean that the shortage of hotel rooms, which was so serious during the war, will be continued at times for some years. Although New York is nothing like as crowded as it was in the days when thousands of soldiers and others connected with war-time activities had to come here, it is still far from easy to get a room. There was a touch of dullness in the hotel business during the summer, but it is picking up at a great rate as the days grow cool and winter activity gathers momentum.

At present, nothing adequate is being built to replace the big hotels which have gone out of business, much less to take care of the normal growth of the army of transients. The new Ambassador Hotel at Forty-ninth Street and Park Avenue will have seven hundred rooms, and the Embassy at Seventieth Street about four hundred. But this is only eleven hundred rooms in prospect to replace about fifteen hundred which have been taken out of commission in the three hotels that are being transformed into business blocks.

The reason for this decline in hotel space is that hotel men are afraid of a slump. Business is still good, they admit, and they do not claim, like many other businesses, to be operating at a very small profit or none at all for the good of the public. But they do not feel any confidence that the good times will last. Hence capital is a bit slow about going into hotels.

THE QUESTION BOX

(Any reader can get the answer to any question by writing The Appleton Post-Crescent Information Bureau, Frederic J. Haskin, Director, Washington, D. C. This offer applies strictly to information. The Bureau cannot give advice on legal, medical, and financial matters. It does not attempt to settle domestic troubles, nor to undertake exhaustive research on any subject. Write your question plainly and briefly. Give full name and address and enclose two cents in stamps for return postage. All replies are sent direct to the inquirer.)

Q. Can prison authorities impose hard labor upon prisoners? R. W. S.

A. In the United States the punishment of hard labor may only be imposed by a court on the authority of statute, but the mode of applying the punishment is in some cases prescribed by state and federal laws, and in others left to prison regulations.

Q. Did any woman sign the document written in the cabin of the Mayflower? D. S. J.

A. This document was signed by all the men present, but no women participated.

Q. How long should tea be steeped? A. B.

A. Tea should never stand more than three minutes after the freshly boiled water has been poured over the leaves. In this time the leaves give up all their strength and aroma, and all the caffeine. To make strong tea, use more leaves. After the tea has drawn for three minutes, it can be strained into another pot and kept hot for some time without destroying its quality or flavor.

Q. Why is the Bible preserved in St. John's Church, Portsmouth, N. H. called "The Vinegar Bible"? B. M. D.

A. It is so named from the headline of the 20th chapter of Luke which reads "The parable of the vineyard." Instead of the "vineyard."

Q. When were votes first cast and what different methods have been used? S. O. L.

A. Voting is mentioned in the Bible as casting of lots. The evolution of voting is from this casting of lots first mentioned in Leviticus 16-8, to the viva voce voting common in the ancient nations; the open ballot; the Australian ballot; and finally the voting machine.

Q. What three cities are known as Holy Cities? N. M.

A. Mecca and Medina are the principal holy cities of Islam, while Jerusalem is regarded as the holy city of Christianity.

Q. In the Bible at Mount Vernon, George Washington's birth is recorded as February 11th. Why do we celebrate February 22nd instead? B. V. B.

A. When the calendar was revised by Pope Gregory it was accepted by most of the European nations. Great Britain, however, did not adopt the change, nor did America until 1732. By that time there had grown up a discrepancy of 11 days between the two reckonings and to standardize the calendar the English and American dates were moved forward the necessary 11 days. The mother of George Washington entered the date of his birth according to the old style calendar.

Q. What is the difference between a college and a university? G. T. G.

A. In the United States a college is an institution of higher learning, having but a single faculty and curriculum usually leading to the degree of Bachelor of Arts. A university is added to a college course, offers graduate work and has professional schools. The two terms have been confused, since some colleges have extended their instruction to university scope without changing the name, while some universities have limited their work and retained the designation of "university."

Q. What year is this according to Hebrew count? T. C. S.

A. The year 1920 according to the Hebrew calendar is the year 5680.

Q. What metal, that is a conductor of electricity, will stand the highest heat? G. H.

A. All metals conduct electricity. Tungsten is the metal which has the highest known melting point: about 5150 degrees F. Where a combination of high melting point and good electrical conductivity is required, carbon is frequently used, although it is not a metal.

MATT SCHMIDT & SON

WILL LOSE OUT BY HOLDING POTATOES

Hard to Move Spuds in Winter and Prices Will Be Very Low in Spring.

(Special to Post-Crescent.)

Madison, Wis.—Are the farmers of Wisconsin playing a losing game in holding their potatoes for higher prices? That is a question that is being asked in the various departments in the capital and the general impression appears to be that they are.

It is a fact that comparatively few potatoes are being shipped from the big potato centers at the present time. The buyers are shipping some when their warehouses are filled but few of the farmers or farmer organizations are making shipments. It is said they are holding their stock for higher prices. That is one side of the story.

At the present time it would be possible for practically any farmer or farm organization to secure plenty of lined box cars to ship their potatoes. A little later it would be dangerous for potatoes to be shipped except in refrigerator cars and there are not enough refrigerator cars in the country to handle the Wisconsin potato crop, according to the traffic department of the Railroad Commission.

That means that the great bulk of the Wisconsin crop will have to wait until spring to be moved and at that time, it is predicted by the Division of Market, the markets will be flooded and the price will drop. It is estimated that 57,000,000 bushels more of potatoes were raised in the United States this year than last, and while the price may be fairly high during the winter, because of the difficulty in moving them, the price is sure to drop in the spring.

At the present time the shippers in the northern part of the state are afraid to take any chance on shipping potatoes in ordinary box cars. They could probably be rushed through to Chicago without danger of a sudden freeze, but if they were reconditioned, as is very generally the case, they might be caught in a cold spell and the entire shipment lost by freezing. DINNER BELL NUT MARGARIN

WEDNESDAY morning at nine o'clock at Sacred Heart church, occurred the marriage of Miss Marie Kagerbauer, daughter of Mr. and Mrs. John Erum, 472 Calumet street, and Carlton J. Fose, son of Alderman and Mrs. Charles Fose, 652 Bennett street. The bride was prettily attired in a dress of brown kittens ear satin trimmed with Chantilly lace and wore a picture hat to match. She carried an arm bouquet of white chrysanthemums. The bridesmaid, Miss Marge Fose, was similarly attired and carried yellow chrysanthemums. George Kuffner of Blackwell, was best man.

After the ceremony a reception and dinner for the immediate relatives was held at the home of the bride's par-

ents. The young couple left on a brief wedding trip to Chicago after which they will be at home at 629 Rankin street.

Beaver Initiation
The Beavers will initiate a large class of candidates into the order at eight o'clock Thursday evening at South Masonic Hall. Judge J. W. Parsons, Antigo, and H. W. Adams, Beloit, and members of the board of directors will be present. A luncheon will be served followed by a social hour and dancing.

Entertain S. S. Class
Mrs. H. K. Pratt, Lave street, entertained the Second year Junior Sunday school class of the Presbyterian church at her home Tuesday afternoon. Music and games furnished entertainment, followed by a dainty luncheon.

John McNaughton Class
Mrs. O. P. Schaefer, Washington street, will entertain the John McNaughton Sunday school class of the First Methodist church at the monthly parlor meeting Friday afternoon. A program will be given.

Forester Installation
John Kuypers, DePere, deputy high chief ranger of the Catholic Order of Foresters, will install the officers of the Appleton court Tuesday Oct. 26, at Forester hall. A banquet will follow the installation.

Mititz Club Meeting
Miss Esther Dittmer, 870 Kernan avenue, entertained the Mititz Club at her home Tuesday evening. Miss Louise Schultz and Miss Esther Redke won the prizes at dice. The guests were entertained with music, followed by a dainty luncheon.

Over the Tea Cups Club
The Over the Tea Cups Club will meet with Mrs. Herman Heckert, 704 Union street, at 2:45 o'clock Friday afternoon.

Entertains at Dinner
Mrs. Herbert Seales, 302 Center

street, entertained 22 ladies at a six o'clock dinner Tuesday evening in honor of Mrs. D. G. Stowe and Mrs. Z. H. Smith who are leaving soon for Florida, where they will spend the winter. The afternoon and evening was spent pleasantly in a social way.

Wedding Tonight
At seven o'clock Wednesday evening at the parsonage of the First Methodist church, will occur the marriage of Miss Bertha Roepke, daughter of Mr. and Mrs. Charles Roepke, Shawano and Charles Glanders, son of Mr. and Mrs. Charles Glanders, 1035 North Division street. The couple will be attended by Mr. and Mrs. George Deml.

Dinner Party
Miss Mildred Heller, 893 Ell street, entertained a few of her girl friends at a six o'clock dinner Sunday evening, followed by a theatre party.

Song Recital
Miss Gertrude Graves, instructor in voice at the Lawrence Conservatory of Music, gave a short song recital at the chapel exercises Wednesday morning. Her program consisted of an Aria from the "Marriage of Figaro" "The Winds in the South," "Life" and "My Love is Like the Red, Red Rose."

Sorority Parties
Kappa Delta sorority is entertaining Miss Clara Blue, national chapterman who is on an inspection tour of the chapters. She has recently installed one at Beloit college.

Miss Blue will be the guest of honor at an informal party Thursday evening at the home of Margaret Luce, 490 College avenue, for the actives and pledges of the sorority. Members of the local chapter will be hostesses to representatives of all the other sororities at a tea from 3:30 o'clock until five o'clock Friday afternoon at the home of Mrs. W. D. Schaefer, 623 Drew street.

Surprised on Birthday
Mrs. Anna Kreutzberg, Packard street, was the surprised hostess to a number of friends who gathered at her home Tuesday evening to help celebrate her birthday anniversary. Cards, music and dancing furnished diversion. Lunch was served at a late hour.

Miss Utschig Weds
Another pretty fall wedding took place at nine o'clock Wednesday morning at St. Joseph church, when Miss Anna Utschig, daughter of Mr. and Mrs. Stephen Utschig, route 6, Appleton, became the bride of John Oelerich, son of Mrs. Mary Oelerich, New Holstein. Miss Utschig wore a gown of white charmeuse and georgette trimmed with beads, and a veil, and carried a shower bouquet of Ophelia roses. Miss Eleanor Utschig was the maid of honor and wore a dress of lavender satin and a corsage bouquet of roses. Frank Weyenberg and Harry Quell were groomsmen. The bridesmaid was Miss Helen

Utschig of Hilbert, who wore a salmon satin and tulle dress and also a corsage bouquet of roses. Following the ceremony, a reception was held at the home of the bride's parents, which was decorated with autumn leaves. The young people left on a trip to Fond du Lac and Milwaukee, after which they will be at home on a farm on the Ballard road.

Marriage License
Application for a marriage license was made Wednesday morning to Herman J. Kamp, county clerk, by Roland H. Wuerger and Freda Timm of Appleton.

Big Crowd at Party
Otto Eichman received the first prize at the Lady Eagle card party Tuesday evening at Eagle hall. The other prize winners were Mrs. George

DANCE at Eagles Hall,
Thursday night, Oct. 21st.
Music by Valley Country Club Orchestra.

Weber, Mrs. Gustave Zuehlke, Mrs. Harp and Charles Koch. There were 62 tables in play at this party, which was the first of a series of evening parties to be given by the organization. The next will be held Nov. 4.

Discuss Folk Songs
American Folk Songs will be the subject for the regular meeting of the music department of the Woman's Club, which will be held at 3 o'clock Thursday afternoon at the Vocational school.

A paper will be read on the "American Folk Songs," and several musical numbers will be given.

Wed in Black Creek
At 1:30 o'clock Wednesday afternoon in St. John church in Black Creek, Miss Elsie Peters, daughter of Mrs. Gustave Peters, became the bride of Lawrence Daelke, son of Mr. and Mrs. Joseph Daelke. The bride wore a gown of white georgette over crepe de chien and a veil caught with beads, and carried a shower bouquet of roses. She was attended by her sister, Miss Clara Peters, in a crepe de chien dress of pea green, and Miss Della Daelke, sister of the groom, in a dress of pale blue crepe de chien. They both wore corsage bouquets of pink carnations. Elmer Peters, brother of the bride, and Albert Jenss were groomsmen. A reception was held, following the ceremony, at the home of the bride's mother, for about 130 guests. At six o'clock a dinner was served the relatives and friends in the dining room which was decorated in blue and white. The young people will make their home on a farm near Black Creek.

Amicitia Club
The regular meeting of the Amicitia club was held Tuesday evening at the home of Miss Alma Rothoff, 1051 Superior street. The time was spent in sewing and light refreshments were served. The next meeting is to be held with Miss Mabel Ross, Spring street.

F. R. A. Meeting
State manager A. J. Caldwell of Milwaukee, attended the meeting of the Fraternal Reserve Association Tuesday evening at South Masonic hall. It was decided to hold installation of officers on the third Tuesday in November. The supreme officers of Oshkosh will be invited to do the work. On account of it being Election day, no meeting will be held on Tuesday, Nov. 2.

Miss Witzke Weds
At 11:30 o'clock Wednesday morning at the parsonage of Mount Olive church, occurred the marriage of Miss Elsie Witzke, daughter of Albert Witzke, Weimar street, and Guy Manning, son of Mr. and Mrs. George Manning, Butler, Pa. The bride wore a taupe suit trimmed with seal fur and hat to match and a corsage bouquet of cream roses. She was attended by her sister, Miss Marie Witzke, who wore a blue tricot dress heavily embroidered in beads and hat to match. She carried a bouquet of chrysanthemums. Otto Witzke, brother of the bride, was best man. A wedding dinner was served after the ceremony at the home of the bride's parents, which was decorated in pink and white. The young people left on a trip to Chicago after which they will be at home at 470 Cherry street.

Outdoors and the skin

Don't forego the pleasure of outdoor life because the sun and wind coarsen and roughen your skin. The regular use of Resinol Soap and Ointment is almost sure to offset these effects. Resinol Soap rids the pores of dust and oil, and Resinol Ointment soothes the chapped and roughened skin.

Sold by all druggists.

MOTHER GRAY'S SWEET POWDERS FOR CHILDREN

They are pleasant to take and a certain relief. They act on the Stomach, Liver and Bowels and tend to correct intestinal disorders. 10,000 testimonials from mothers and friends of little ones telling of relief. No mother should be without a box of Mother Gray's Sweet Powders for use when needed. Ask to-day. At Druggists. The need of them often comes at inconvenient hours.

Used by Mothers for over thirty years.

Do Not Accept Any Substitute for MOTHER GRAY'S SWEET POWDERS.

"WE LIVE BY ADMIRATION, HOPE AND LOVE."—WORDSWORTH

The Pettibone-Peabody Co.

IN full accord with the spirit of the times, our exhibition of new fall fashions entirely defeats the idea that one must pay an exorbitant price in order to secure both style and quality.

LEADS IN VALUE GIVING

GEENEN'S STORE

QUALITY DRY GOODS

Infant's Wear of Inimitable Daintiness

Everything for Babies To Wear

The Store With the Home Atmosphere*

You like to visit the hostess that makes you feel at home. In a like manner the homelike hotel attracts the most travelers. It's just the same with a store. Customers prefer the one which very carefully considers the comforts and conveniences of its patrons so that they may feel just as much at home while shopping as they would at their own fire-side. It is our aim to make this just such a store, and suggestions from our patrons are always welcome.

Mothers who wish to select a complete layette, or those who only seek individual garments for baby, will find that here choice is in no way restricted. Care has been used in the development of these offerings, so that baby's delicate skin may not be irritated by tight or rough seams. Daintiness is expressed in the fabrics and the fine handiwork which adorns most of the models.

GEENEN DRY GOODS COMPANY

Appleton Wisconsin

NEWS OF INTEREST FROM COUNTY AND STATE

WISCONSIN IS NINTH IN INDUSTRIAL WORLD

Madison. — "Wisconsin," George Kull, secretary of the Wisconsin Manufacturers' association, said, "now ranks ninth in the industrial world. Heretofore the state has neglected industry in preference to agriculture, but now it is proud of its industrial progress. There are 275,000 persons on the Wisconsin industrial payroll and \$700,000,000 worth of goods are manufactured yearly. Years ago the capital and university were Madison's greatest assets," said the speaker, "but now its industries outrank them both."

But Wisconsin's populace does not appreciate what the state is accomplishing. It fails to buy at home, and Wisconsin manufactures far more than it consumes. There is enough soap manufactured in this state to give every man, woman and child in Wisconsin 600 bars a year. And each individual could possess 16 pairs of hose, providing the women would wear socks.

The Government pawnshop occupies one of the finest buildings in the city of Mexico.

LEEMAN YOUTH BREAKS LEG IN FALL FROM SWING

(Special to Post-Crescent)
Leeman—Mr. and Mrs. Orville Leeman are visiting relatives here. The Ladies' Aid society will give a harvest supper at the church Friday, October 22.

Clyde Spaulding, little son of Mr. and Mrs. Howard Spaulding, broke his leg above the knee Friday. He was playing in a swing when it broke, letting him fall to the ground.

A daughter was born to Mr. and Mrs. Howard Hurlburt Sunday morning.

Mrs. Abeschere of Mill Center is visiting at the L. D. Hurlburt home.

The dance given by the F. R. A. lodge last week was well attended.

The Moscow fire of 350 years ago is the "world's record." In it 200,000 persons perished.

PARENTS AND TEACHERS MEET IN BLACK CREEK

(Special to Post-Crescent)
Black Creek—A serious auto accident occurred Friday night, two miles south of the village on the concrete pavement. While returning home from the village, a Ford coupe, driven by William Nitzband, Jr., was struck by a Buick truck driven by Julius Barthel. Mr. Nitzband, Jr., was severely cut by flying glass and his father, who was riding with him, suffered a fractured rib. The coupe was almost entirely demolished, and the front of the truck was badly damaged.

A parent-teachers meeting was held at the school house Friday evening. An excellent program was given by the pupils. Plans were made for a school fair to be held in November. Lunch was served at the close of the evening.

Henry Froelich, while demonstrating an electric weather, had one of his fingers caught in the cogs and it was badly smashed.

C. J. Burdick and A. A. Gerl were Oshkosh callers Thursday.

Services will be held at the St. John Lutheran church Sunday, Oct. 24, conducted by Rev. H. Jacobi of Elgin, Ill.

Mr. and Mrs. Charles Hoffman and daughter Helen, Mr. and Mrs. Wesley Prentice and daughter Grace, spent Sunday at Menasha.

Mr. and Mrs. John Steffen, Mrs. Nick Steffen, Emma Miller and Joseph Hoffman of Hortonville were Dale visitors Sunday.

The residence of A. F. Houlihan, west of Dale was nearly destroyed by fire Sunday afternoon. The fire started in an upstairs room near the window. Prompt action on the part of the family and help from the neighbors extinguished the fire before much damage was done. What caused the fire is not known as the family had not been home for several hours before it started.

Our new electric street lights were turned on for the first time Saturday evening. There are lights in four places on Main street.

Mrs. Thorwald Brett died at her home here Wednesday after an illness of several weeks. She was born in Norway in Nov. 1857, and came to America when quite young. In Waupaca which was her home until 1922 she married Thorwald Brett at 1916 when they moved to Dale. Her husband, a son Hilmar of Palmerston, Pa.; two daughters, Edmy at home and Mrs. Henry Anderson of Waupaca; two brothers, Chris Newborg of Rhinelander, and Evan Newborg of Lillhammer, Norway, are the survivors. The funeral was held Friday with the Rev. Lund of Waupaca in charge. Interment was made in Pine Grove cemetery west of town.

The pupils of Dale Graded school will give a box social and program, Wednesday evening, Oct. 27.

Mr. and Mrs. F. Bullinger, Mr. and Mrs. F. McLaughlin and Mrs. C. J. Wolcott were in Fremont Tuesday.

A mosquito has twenty-two teeth, which may be seen through a microscope.

Kemp's Balsam Will Stop That Cough

Willer's Anodyne Oil, Known as Snake Oil

Will Positively Relieve Pain in a Few Minutes

Try it right now for Rheumatism, Neuralgia, Lumbago, sore, stiff and swollen joints, pain in the head, back and limbs, corns, bunions, etc. After one application pain usually disappears as if by magic.

This remedy used externally for Coughs, Colds, Croup, Influenza, Sore Throat, Diphtheria and Tonsillitis. This oil is compounded by the most penetrating remedy known. It is prompt and immediate effect in relieving pain is due to the fact that it penetrates the affected parts at once and penetrates this substance through and through in three minutes.

Accept no substitute. This great oil is golden red color only. Manufactured by Herb Juice Medicine Co. only. Get it at R. C. Lowell Drug Co.

NEW LONDON WANTS FARMER INSTITUTE

Believe Meeting Will Prove of Benefit—Buy New Shooting Range.

(Special to Post-Crescent)
New London. — New London will make an effort to land a farmers' institute for Waupaca county again this winter. E. L. Luther, superintendent of Farmers' Institutes at the University of Wisconsin, has thus far come in from nearly every county in Wisconsin. Requests for institutes with 25 signatures must be in the hands of Mr. Luther by November 1. Interesting topics are being arranged to suit different localities including cow testing, lime and fertility, bees, poultry, farm records and marketing and live stock topics. The number of two day-institutes held last year was the largest on record reaching the 234 mark. There were nearly 82,000 people in attendance.

Capt. H. L. James of this city is a relative to the Miss Beulah James who made the trip from Richland Center to Madison in an airplane to enroll as a freshman at the university. The trip took just 45 minutes and the airplane was piloted by Don Campbell of Delavan. Miss James is taking a commercial course.

The City Improvement League is doing a unique work and one which promises to be practical to the women of New London. The league met in Library Hall Monday evening and the time was taken up with a practical discussion of the steps in a presidential election. The women became thoroughly familiar with the process from the nominating of the delegates at the National convention to the selection of the presidential electors at the November election. The election board, lead by Mrs. Myrtle Swift, consisted of Mesdames E. W. Wendlandt, Edward F. Raman and W. J. Butler.

Miss N. O'Connell is spending a week's vacation in Milwaukee, Gratiot, Granville and Cedarburg visiting relatives and friends. Miss O'Connell's school is closed for a week so the children can assist in harvesting the potato crop.

The New London Gun Club, which recently sold the old shooting grounds at Jennings's Heights to R. S. Jennings, has purchased a range at the ledge, south of the city, near the Hortonla road. The club is planning the erection of a club house and will put in a number of good traps. The new site is located opposite the school house and is on a concrete road. Mr. Jennings has extended the use of the old grounds for all Sunday shoots.

Supt. J. M. McLaughlin of the Edison plant of this city departed this week with his wife and son for a trip to the east. During their trip they will be guests of friends at Orange, New Jersey. On their return trip they will stop in New York City and Chicago.

The quota to be raised in Waupaca county this season for the work of the Salvation army in Wisconsin has been fixed at \$3500. The active campaign to raise this money, which is a part of the \$227,000 fund to be raised by the entire state, begins this week. A meeting has been held at the New London Library Hall and an allotment made for the different localities. It is believed that the amount required can readily be raised this month and that Waupaca county will go over the top.

Mrs. C. Spaulding is enjoying a visit from her son Dwight who has held a responsible position in Racine for several years. Mr. Spaulding has now accepted a position at the Wisconsin Cabinet and Panel company in this city.

Dr. and Mrs. F. J. Pfeiffer of Beacon avenue are this week entertaining Mr. and Mrs. Charles Stanley of Waupaca. The latter will also go to Clintonville to visit relatives before returning to their home at Waupaca.

Eating contests are common among the villages of Alaska.

PRETTY WEDDING TAKES PLACE IN LITTLE CHUTE

Little Chute—Miss Stella Gerrits called on relatives at Oshkosh Sunday.

About fifty couples attended the dancing party at Lamer's hall Monday evening. Music was furnished by the Arion orchestra of Kaukauna.

The marriage of Miss Katherine Van Gompel, daughter of Mr. and Mrs. Albert Van Gompel, and Irvin Johnson of DePere, took place at St. John church Monday evening at eight o'clock. The Rev. John J. Sprangers performed the ceremony. The attendants were Miss Matilda Heintz of Kaukauna, and Elmer Van Gompel, brother of the bride. The bride was attired in a navy blue tricot suit, black picture hat and wore a corsage bouquet of roses. Her bridesmaid wore a suit of navy blue serge with hat to match and carried a bouquet of roses. After the ceremony a wedding breakfast was served to about forty guests, mostly relatives, at the home of the bride's parents, Mr. and Mrs. Johnson will make their home in DePere.

Mr. and Mrs. Stephen Sanders of Appleton were the guests of Mr. and Mrs. Joseph Quell, Main street, Sunday.

About ten friends pleasantly surprised Miss Irene Van Susteren at her home on Main street Monday evening the occasion being her thirteenth birthday anniversary. The evening was spent in playing games and a delicious luncheon was served at an early hour. The guests included the Misses Grace Doyle, Julia Van Der Velden, Berenice Gloudehans, Lucina Hartjes, Olive Van Susteren, and Loretta Gloudehans.

Announcement was made at St. John church Sunday of the approaching marriage of Mrs. Elizabeth Bietsticker of this place and L. Toonen of DePere.

Mr. and Mrs. George Weyenberg celebrated the latter's birthday by entertaining a company of relatives and friends at a six o'clock dinner Sunday evening. The party consisted of Mr. and Mrs. Theodore Lucassen, Mr. and Mrs. Richard Peeters, Mr. and Mrs. George Van Den Heuvel, Mr. and Mrs. Martin Weyenberg, Mr. and Mrs. Frank Weyenberg, Mr. and Mrs. John Hietpas, Mr. and Mrs. Theodore Weyenberg, Mr. and Mrs. Henry Weynboom, Mr. and Mrs. Peter Weynberg, and Miss Steen Weynberg. Following the dinner the evening was spent in music and card playing at which prizes were awarded to Mr. and Mrs. Martin Weynberg.

Mr. and Mrs. Edward Miller of Neenah were the guests of Mr. and Mrs. William Hammen, Sunday.

Oscar Nitschke of Appleton was a business caller here Monday.

Charles Rougen of Hortonville was a caller here Monday.

Walter Hagg who was injured in an automobile accident at the Little Chute Motor Inn Saturday morning is reported to be resting comfortably today and prospects for a speedy recovery are certain.

Mr. and Mrs. Martin Klisdonk of St. Paul, Minn., spent the week end here with relatives and friends on their honeymoon.

George Kaster of Freedom called on friends here Monday.

The city of Hibbing, Minn., was moved recently in order that the rich iron ore beneath it might be mined.

A SUGGESTION

The abundant health-giving properties of Scott's Emulsion

are as needful to adults as to children.

Scott & Bowne, Bloomfield, N. J.

SEVERAL CITIES TO AID PORTAGE ELK JUBILEE

Portage — Milwaukee, Madison, Waukegan, Baraboo, Beaver Dam, La Crosse and other cities will send large delegations to this city this week to attend the initiation jubilee ceremonies of a class of 175 fawns who will have antlers placed by Portage lodge No. 375 B. F. O. Elks with Milwaukee lodge No. 46 in charge. Exalted Ruler Harry Sloan and Secretary J. J. Kelly of the Milwaukee Elks will be escorted from the Milwaukee road depot on Wednesday by the Portage and visiting Elks, headed by the Madison Elks Lodge drum and file corps of twenty men.

The initiation will occur immediately at the Elks' hall and a banquet for 500 will follow at the Portage armory. Daniel H. Grady, presiding as toastmaster. The ladies of Portage lodge No. 675 will do the serving. In charge of arrangements are O. A. Klenert, John J. Welch, Fred E. Furbach, Mat C. Hettinger and Greg. W. Dempsey. Thursday and Friday evenings there will be concerts by the Royal Philharmonic band and oriental orchestra, concluding with a big community dancing party. With this new class Portage lodge will have a membership of over four hundred.

MUST INCREASE FARES TO PAY HIGHER WAGE

La Crosse.—Commissioner Carl D. Jackson of the railroad commission of Wisconsin held a hearing in La Crosse to ascertain the earnings of the street car system operated in this city by the Wisconsin Railway Light and Power company. The state board of conciliation has recommended increases in wages for motormen and conductors, and officials of the utility maintain that if granted, it must be allowed increases in fares here. Six cents is the fare on the street car lines at present.

Rheumatism Comes From Tiny Pain Germs

First of all, get it firmly fixed in your mind that all the liniments in the world have no effect whatever on Rheumatism.

A very common form of Rheumatism is caused by millions of tiny disease germs which infest the blood. The one and only sensible treatment, therefore, is one which cleanses the blood of these germs, and routs them entirely out of the circulation.

This is why S.S.S., the greatest known blood purifier is so successful in the treatment of Rheumatism. It is a powerful cleanser of the blood, and will remove the disease germs that cause your Rheumatism, affording relief that is genuine.

S.S.S. is sold by all druggists. Free literature and medical advice can be had by writing to Chief Medical Adviser, 154 Swift Laboratory, Atlanta, Ga.

BLACK TAN WHITE OX-BLOOD BROWN

Carrying On

THE refining of petroleum has been revolutionized during the past ten years. Otherwise the present use of automotive machinery would be impossible.

In 1910 the average yield of gasoline from crude was 11 percent, while in 1919 this average had risen to about 26 percent, without in any way, impairing the quality of the product.

This tremendous advance was the direct result of applying the findings of scientific workers to the problems of industry, and in this work the Standard Oil Company (Indiana) has taken a leading part.

The chemists and technical experts who have charge of the manufacturing activities of the Standard Oil Company (Indiana) have been pioneers in the scientific refining of crude oil.

Their success is attested by the fact that the Company has been able to produce an ever-increasing volume of gasoline from the petroleum available.

The gasoline problem is important, but it can and will be solved by individual initiative, stimulated by fair and reasonable competition.

In the solving of this problem, the interests of the Standard Oil Company (Indiana), the manufacturer of automotive machinery, and the public are one—greatly increased production is essential.

The Standard Oil Company (Indiana) is straining every fibre of its highly specialized organization to increase the quantity of gasoline which may be taken from the crude—to maintain the high standard of quality it has always insisted on, and to do this without disturbing the output of other useful and necessary refined products of petroleum which it must supply.

Carrier Pigeons To Be Used By The Boy Scouts

Pigeon training is the latest activity adopted by the Appleton Boy Scouts. E. R. Henderson, scout executive, is now arranging for securing a pair of carrier pigeons from the United Drug company of St. Louis and training them to carry messages to and from the Appleton Scout Council rooms. A note will be provided for them and Scouts will be appointed to feed and care for the birds. It is said a pair of pigeons is worth about \$50.

PATTEN PAPER CO. BUILDING SAWMILL

Hardwood Timber From Company's Northern Property Is Shipped Here.

The Patten Paper Company is converting one of its warehouses just east of the Appleton Hub and Spoke factory into a saw mill which will be operated in connection with its cutting of pulpwood at Amasa, Mich. The machinery is already here and will be installed as soon as the building, to which a second story is being added, is ready to receive it. The new plant will be in operation by Jan. 1.

Judson G. Rosebush stated that the company is clearing off the hardwood from a tract of land near Amasa which

During the summer it is planned to use the pigeons to carry messages to and from the scout camp at Waupaca and also from week end camps established near Appleton. It is said that pigeons leaving Waupaca in the morning will arrive here about noon. Appleton is probably the first scout council in the country to take up carrier pigeon breeding. Mr. Henderson said. The work is extremely interesting and stimulates love for birds and teaches their proper care.

is being converted into a cattle ranch. The logs are to be shipped to Appleton where they will be sorted and sawed, some into lumber, some into hubs and spokes, some into railroad ties and some into stove wood. The yards surrounding the new plant are piled high with logs which will keep the new plant busy for the greater part of the winter. Additional logs will be shipped as they are needed. The new mill has been designed by an expert and will be well equipped throughout.

DAIRY JAUNTS ATTRACT NOTICE OF MAGAZINES

The Holstein and Guernsey dairy excursions held by Wisconsin farmers last August are still in the limelight, both in the state and in the nation. Farm publications of all kinds have been featuring Paul O. Nyhus, farm agent of the First National bank, for particulars, stating that such movement ought to be urged all over the state and nation. Many write-ups have already appeared and more are coming out in subsequent issues. Large photographs of the excursions are reproduced in some of the publications.

LANDLORD MAY OUST FOCH FROM HIS HOME

(Special to Post-Crescent)
Paris—Ousted because he's too popular!

This is the strange predicament in which Marshal Foch finds himself. The marshal, who lives in the Avenue de Saxe, has been threatened with eviction by his landlord because he receives too many visitors!

"And what would it be like if there were another war?" asks Foch's landlord, "or if there were a revolution, or if they should elect Foch president?"

In the meantime, the French government has appropriated money to buy the noted French hero a home.

COAL CARS MUST BE UNLOADED QUICKLY

Declare Embargoes Against Consignees Who Violate 24 Hour Rule.

The interstate commerce commission is again in charge of the unloading of coal cars in order to facilitate the shipment of coal from the mines to consumers according to instructions just received by local freight agents.

The effect of the order is that coal cars other than flat bottom cars with sides 38 inches or less in height must not be used for any commodity excepting coal and coke until such coal and coke loading has been taken care of 100 per cent.

If a consignee shall refuse or fail to unload a coal car loaded with coal or other freight within twenty-four hours after such car has been placed for unloading, such consignee must be embargoed.

This twenty-four hour rule does not apply to coal shipments for public utilities of all kinds, nor to hospitals, schools, gas, ice, water and sewer works or public institutions of the national state or municipal governments.

HINT MOVEMENT FOR COUNTY AGENT HERE

Some of the farmers in Outagamie county are thinking of starting another move to secure a county agent. They believe that events in farm and dairy advancement this summer have proven what a county agent could accomplish.

One farmer referred to the development of the pure bred cattle business as one striking example of what is possible with a county agent. He also called attention to the movements for crop improvement, the introduction of drainage and other features of modern farming that would more than repay every farmer for what the county spent in salary.

The matter may probably be presented at the county board at its next session, as there is a growing feeling that Outagamie county cannot progress or keep pace with other counties unless there is a head to its activities.

REQUEST HISTORY OF OUTAGAMIE RED CROSS

The Outagamie Red Cross chapter has been cited by the rural service department of the National Red Cross as one of the branches doing the most effective rural work. The chapter has been asked to prepare a history of its activities and accomplishments, which is to be sent to the eastern headquarters for publication and preservation. Mrs. B. W. Wells, secretary of the Red Cross Service, is preparing the data in response to this request.

The Chinese regard the peach as the most beautiful of fruits.

HOLSTEINS LEAD IN DAIRY EXHIBIT

Badger Prize Cattle Defy All Competition at Chicago Dairy Show.

Wisconsin did itself proud in the winnings at the national dairy show at Chicago the past week, in the opinion of Paul O. Nyhus, farm agent of the First National bank, who spent several days there. The prize for the best star exhibit of Holstein cattle went to Wisconsin, with Minnesota, a keen competitor, a close second.

Mr. Nyhus found that most of the prize winners at the Wisconsin state fair were grand champions in the Chicago show, among them the Holstein sire and female, which virtually took sweepstakes in spite of sharp competition.

Wisconsin buyers purchased a number of the record cattle at the pure bred Holstein sale conducted aside from the show. They paid good average prices for the animals, of

DANCE at GAINOR'S HALL Mackville Tuesday, Oct. 26 Stecker Bros. Orchestra

which a large number were offered. The sale did not assume the proportions of the St. Paul sale last winter, however.

"One interesting feature of the show," stated Mr. Nyhus, "was a booth conducted by the Danish government displaying the dairy products of its country. It showed that American dairymen are in direct competition with a European country, and really served as a challenge to our own farmers to get busy and match the Danish quality. Some of the big arguments for buying by the Danish trade mark were the uniform quality of the butter, sanitation and the absence of tuberculosis from the cattle."

Mr. Nyhus was greatly interested in what the Oshkosh Association of Commerce was doing. He stated that about \$600 was raised by the chamber and was used to send the winners in the boys' and girls' calf club of Winnebago county to the show. It was the only county exhibit there and attracted a large amount of attention. The Oshkosh Chamber of Commerce and the juvenile breeders attracted wide attention.

The horse shows conducted each evening in connection with the dairy show drew the interest of throngs, especially among the society people. Sporting horses of national and international reputation were shown, and there were many demonstrations, including racing, hurdling and other features.

SUGGESTS RAILINGS ON STEPS AT CITY HALL

"I believe the common council ought to provide side railings on the city hall steps, now that winter is coming," said an Appleton business man today. "I have watched aged people make their way up the steps, and they usually have a hard time of it, because they have no way to steady themselves."

The man stated that it would be a matter of safety to everybody, old and young in the winter. One or two people have had falls in the past on those steps when they were icy, and the city might be the defendant in damage suits if nothing is done. He suggests equipping the steps with railings similar to those at the postoffice, and believed it would hardly cost \$25 to do it.

PARK PROGRAM IS NOT CARRIED OUT

Plans for Betterment of Appleton Parks May Be Held Over Until Spring.

Hesitancy in adding to the Appleton tax budget has prevented the common council from authorizing many improvements in the parks this summer, according to Fred F. Wetengel, chairman of the park board.

He said that the board had plans for bettering the parks, but few were carried out. One of the improvements was to have been public comfort stations which were to be built to comply with the new state health law. These should have been completed by now, but it appears as if the work will be put over until next spring.

The park board is also interested to determine what cooperation the Appleton Chamber of Commerce plans to extend on behalf of bettering the parks or establishing new ones. The community welfare committee has definite plans for studying the parks of the Fox River valley and has already visited at Oshkosh. It was found that Appleton has only a fraction of the public recreation places provided by the Sawdust city. Green Bay and perhaps some other cities will also be visited.

Some of the members of the chamber of commerce favor the purchase of Pierce's park, southwest of the city, for a park, but no definite agitation along that line has presented itself. Establishment of a park on Lake Winnebago, owned by Appleton, has also been suggested but it seems difficult of accomplishment, because of the distance from the city to the lake.

More definite park plans may be formulated by the park board at its meeting the coming week, Chairman Wetengel states. He is enthusiastic for good parks for Appleton and is using his efforts to bring the city to the front in this respect, especially because of its natural facilities. A report on the situation is promised after the board meeting.

STATE MENTAL CLINIC IS URGED BY CONFERENCE

"One of the important resolutions adopted at the Wisconsin Conference of Social Work at Oshkosh the past week was that, dealing with mental clinics," states Mrs. B. W. Wells, secretary of the Red Cross Service, who was among the Appleton people in attendance.

The resolution urges the establishment of a clinic consisting of one or more doctors and social workers who would be at the disposal of any community. They would conduct examinations in cases of mental disease, and recommend treatment where it might be found helpful. It is believed that many abnormal persons who lack only expert medical advice could be helped in this way. A fund of \$10,000 has already been placed at the disposal of state social agencies for this purpose.

Over sixty million breakfasts with Maple Karo last year

Does it interest you to know that Maple Karo outsells all different kinds of maple syrups? Delicious flavor—moderate price the reason

Two big reasons stand out for the record breaking sales of Maple Karo.

First—the flavor of Maple Karo is not an "imitation." The makers are the world's largest users of the purest and best flavored maple sugar.

Over a thousand tons are brought annually from Vermont and Canada—where the finest maple trees grow.

This sugar is used to make Maple Karo and to give it its delicious flavor.

The second reason is quite as interesting as the first:

Maple Karo is remarkably moderate in price—selling at a lower price than any other syrup of pure maple quality and flavor.

Over five million cans were sold last year.

Get a can of Maple Karo in the GREEN CAN from your grocer today. If you are not pleased with it, the grocer will gladly return your money.

SAYS SOCIALISM IS REAL MENACE TO UNION LABOR

Peter Collins Delivers Sharp Attack on Bolshevism in Lecture Here.

IS GROWING IN AMERICA

Socialistic Papers Have Circulation of 10,000,000 a Week in U. S.

"United States has more Bolshevism to the square inch than Russia has to the square mile," said Peter W. Collins in a lecture on "Bolshevism: The Red Menace," at Lawrence Memorial Chapel Tuesday night.

Mr. Collins, who was former national secretary of the Electrical Workers Union, appeared under the auspices of the Bureau of Education of the Knights of Columbus and gave one of the most instructive lectures ever delivered in Appleton.

He sounded a warning of the progress that Bolshevism or socialism, was making in this country and stated that there were no less than 247 socialistic publications printed in the United States that had a circulation of ten million copies a week.

Would Haul Down Flag

An extract from an eastern socialistic paper was read which advocated the hauling down of United States flag which it claimed was the emblem of capitalism and replacing it with the red flag.

In a tribute to the United States flag the speaker said that it represents the down trodden and oppressed of all the nations of the earth and that while the country had an area of 3,600,000 square miles it had no room for the man or woman who refused to salute it.

Mr. Collins gave a sketch of socialism from its beginning and said that ninety per cent of the socialists did not know its meaning. The dangerous thing about it was the evident purpose of its advocates to have it misunderstood.

He said he was going to talk about it from the standpoint of the working man. Socialism did not originate with the laboring classes but with men higher up and was an enemy of organized labor working within it and seeking to disrupt it.

CONSIDER HOUSING FROM TWO ANGLES

Chamber of Commerce Forum to Be Addressed by Two Housing Experts.

Earl F. Miller of this city and P. Lindley Milwaukee will be the speakers at the member forum meeting of the Appleton Chamber of Commerce Thursday evening, October 28, according to announcement by Gustave Keller forum chairman. They will take up the solution of the housing problem from two standpoints.

Mr. Miller is president of the Earl F. Miller company, Incorporated which has built several groups of houses for manufacturers of the Fox River valley. He will present the possibilities of a housing corporation as the best solution of the shortage of homes.

Mr. Lindley who is supervisor of building and loan associations under the state commissioner of banking will show how development of the Appleton Building and Loan association can solve this problem or how it can supplement a housing corporation.

A discussion of the subject by members of the chamber will follow the two addresses. The directors of the chamber asked for its consideration in response to a request to help build up the Appleton Building and Loan association and thus place funds for building at the disposal of Appleton people. They believe a frank discussion of the subject will show whether this would solve the housing shortage.

Card of Thanks

We wish to thank our friends and neighbors for their kindness and sympathy in our recent bereavement. The death of our husband and father and especially the M. W. of A. for their kind assistance and beautiful floral offering.

Mrs. F. C. Laus and Son, adv.

FOR BURNING ECZEMA

Apply Zemo the Clean, Antiseptic Liquid—Easy to Use—Does Not Stain

Greasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 35c, or \$1.00 for larger size, get a bottle of Zemo. When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive, antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.

The E. W. Rose Co., Cleveland, O.

Card of Thanks

We wish to express our heartfelt thanks to our friends and neighbors who showed so much sympathy and assistance and also for the floral offerings during the illness and death of our mother Mrs. Bridget Brown. We also thank Rev. Father Ruessman for his kind words.

Signed The children

END ROAD WORK BETWEEN NEENAH AND OSHKOSH

Trunk highway No. 15 between Oshkosh and Neenah, which has been closed all summer on account of work that was in progress, is again open, doing away with a several mile detour over a bad stretch of road. The gravel stretch of the highway between the end of the pavement and Oshkosh is evidently to be improved next season as concrete culverts are being put in of standard width.

Card of Thanks

We wish to express our heartfelt thanks to our friends and neighbors who showed so much sympathy and assistance and also for the floral offerings during the illness and death of our mother Mrs. Bridget Brown. We also thank Rev. Father Ruessman for his kind words.

Signed The children

LOCAL MENTORS ON GREEN BAY PROGRAM

Appleton Teachers Will Attend Convention Last Two Days of This Week.

Lee C. Rasey, principal of Appleton high school, A. G. Meating, county superintendent of schools, and Miss Hester, principal of the high school faculty, will be among the speakers at the 27th annual convention of the Northwestern Wisconsin Teachers' association at Green Bay Friday and Saturday. Mr. Rasey will discuss high school English at the meeting of superintendents and principals Friday afternoon. Mr. Meating will deliver a talk on "The Value of Measuring the Mental Ability of Pupils in Rural Schools," at a meeting of rural school teachers Friday afternoon, and Miss Hester will discuss Latin in the High School, at a foreign languages conference Friday afternoon.

The high school here will be closed Friday to permit all the teachers to attend. It is probable that a majority of grade school teachers will also be present at the big gathering.

Three general sessions will be held, the first at 9:30 o'clock Friday morning at Orpheum Theatre opening with musical selections by the junior high school. Calisthenics will follow under direction of John Goos after which a group of song selections will be given by LeBaron L. Austin, bass-baritone. The address of welcome will be given by Hon. Henry Graas, Judge of the eleventh judicial district. Other addresses will be given by M. A. Bran non, president of Beloit college, and Rueben Post, Hallack of Louisville, Ky.

The second general session will be held at Whitney school at 8:15 o'clock Friday evening and the third at 9 o'clock Saturday morning. Addresses will be given by Mina Kerr, dean of Milwaukee Downer college, and A. B. Hall, of the University of Wisconsin. Sectional sessions for teachers will be held at the various schools in Green Bay. Each sectional meeting will be conducted in much the same manner as the general session.

MRS. JANE BEACH IS DISTRICT W. R. C. HEAD

Mrs. Jane Beach, 776 Commercial street, was elected district president of the Woman's Relief Corps at the district convention Tuesday at Oshkosh. A delegation of 28 members from the Appleton corps attended the convention. The forenoon was devoted to inspection followed by a dinner which was served to 174 delegates in the First Methodist church. The regular business session was conducted in the afternoon. Mrs. Dear of the Menasha Corps was appointed secretary for the district. The next convention will be held in Appleton.

MILK LUNCHES TO COST TWENTY CENTS

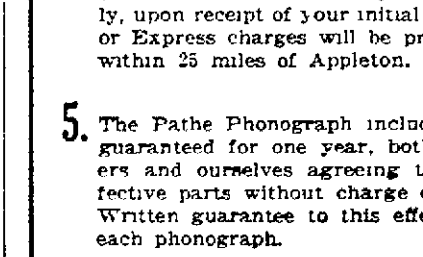

School Principals Advise Slight Increase to Those Who Can Afford It.

Appleton school children who are served with the milk lunches, will pay 20 cents a week, the actual cost of the lunch this year, instead of the 15 cents a week which was paid last year, it was announced at the meeting of the public health department of the Woman's Club Tuesday afternoon. The change was made on the advice of the principals of the schools. They declared that those who are able to pay the 15 cents, are just as able to pay the 20 cents, and those who are not able to pay either, will be furnished the lunch gratis as they were last year. The principals say that it is altogether unnecessary for the Woman's Club to bear the expense of so great a part of the lunches, when the parents are able and willing to pay the cost.

Last year the price charged the children by no means defrayed the cost of the lunches, and the districts furnished straws and paper napkins. As soon as prices come down, the children will be given the benefit of the drop.

After the business session, Mrs. George Ashman read a report on the National Congress of Mothers and Parent-Teachers Association held in Madison, June 3 to 8.

"CORN" Lift Right Off Without Pain

Doesn't hurt a bit! Drop a little "Frezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Frezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

REGISTER TUESDAY IF YOU WISH TO VOTE

Next Tuesday is final registration day. All persons, including women, who did not register on primary election day should not fail to register at that time otherwise their ballot will have to be sworn in on election day involving extra time and labor. Both women and men are requested to register as early in the morning as possible thus doing away with the usual congestion late in the afternoon.

Ford

THE UNIVERSAL CAR

During all the years the Ford Model T One Ton Truck has been on the market, we have never had one complaint of rear axle trouble. We have had no complaints of motor trouble. As the motor and the rear axle are the vital fundamentals in a motor truck, we have the right to conclude that the Ford One Ton Truck has not only met the demands of business, but has done so in a satisfactory and economic way. There is no other evidence so convincing as that which comes from long practical experience. Ford One Ton Trucks are serving along all industrial and commercial lines. You will find them everywhere. If these statements were not facts, the demand for the Ford One Ton Truck would not be as large as it is, because people are not buying trucks which do not give service. Coupled with the dependability of the Ford One Ton Truck in all classes of usage, comes the economy in operation and maintenance. On the farm, in factory delivery, for the merchant, manufacturer, and contractor, in these days of modern business methods, this worm-driven One Ton Ford Truck has become an actual necessity. Come in and talk it over.

AUG. BRANDT COMPANY
987-989 College Ave., Appleton, Wis.
BRANDT AUTO & IMP. CO.
Black Creek, Wis.

The Tone is the Thing in the Pathe

And this Nation-wide Demonstration Sale of **PATHE PHONOGRAPHS** will conclusively prove this fact

YOU simply MUST hear the Pathe Phonographs we are selling in this Sale. Even if you own a talking machine, or if you never expect to own one, you must hear the Pathe to learn of what a gigantic step forward the Pathe has taken in the development of tone in the art of sound production.

The function of a phonograph is to reproduce tones. Pathe Phonographs do far more than reproduce tones—they absolutely and faithfully duplicate the identical rendition of the artist in singing or playing as no other phonograph or talking machine in the entire world even attempts to do. In orchestral and band selections the entire background is enjoyed—you recognize all the instruments—and so better appreciate the blending. There is no secret difference in the Pathe. The duplication instead of mere reproduction of the living voices of the artists is due to the Pathe Sapphire Ball, which fits and fills the record grooves, so always giving the full tone value without wearing out either the sapphire ball or the record as it is being played.

Interesting comparisons of the various methods of reproduction of sound and of the various records in use—emphasize the superiority of the Pathe Sapphire Ball for duplicating the actual rendition of the artists. The Scientific American rightly says, "to have proper tone rendering, the stylus or needle must fit and fill the slot exactly; if too small, it will be thrown from side to side, giving false tones; if too big, it will give trouble by jamming, and causing excessive wear of the record." The Pathe Sapphire Ball never wears out and always fits and fills the groove in the record.

We have heard the Pathe tested by the manufacturers in comparison with other machines. We have made innumerable tests ourselves. We have used practically every well known make of records on all machines upon which we have made our tests, and it is our candid opinion that the Pathe in conjunction with Pathe records is superior in tone to any other phonograph we have heard, it matters not at what price it sells.

This is the reason why \$25 worth of genuine Pathe records are included, absolutely without charge, in this sale—to conclusively prove these facts.

You simply must hear one of these instruments before they are gone. You do not know what a source of real entertainment a talking machine can be until you have heard the Pathe.

IMMIGRATION IS HELD UP BY SHIPS

Million Immigrants Would Come Daily if They Could Be Transported.

By James Henle
(Special to Post-Crescent)
New York.—The only thing that keeps the United States from having a million persons added to its population daily is the lack of ships.

The speaker was Frederick A. Wallis, commissioner of immigration here. On this day he had seen nearly 8,000 men, women and children of alien birth pass through Ellis Island, the nation's most important immigration station.

"The flow of emigration that began with the war has been checked," Wallis continued. "Now the current has turned the other way more strongly than ever."

"If war restrictions were lifted and if shipping could be supplied, the entire population of Germany would disembark and come to these shores. If there were enough shipping every living soul in Poland would come here. The same is true of other European countries."

"Only recently the heads of 17 important steamship companies came to see me. They said that immigration was going to be simply stupendous and that they thought I ought to be warned of this in time."

Needs More Help
"My own information tallies with theirs. The numbers constantly are increasing, though our average is not yet the 5,000 that has been reported. I am making preparation to care for even a greater number. I have just received permission to take on 95 new employees."

"Every ship that comes to port has every available inch occupied. One company tells me that on the voyage of one of its ships it could have sold the capacity of the steamer for the next ten years."

In reply to a question, Wallis told me that he had no idea the large corporations were violating the law by hiring labor in Europe. He said that the flood of immigration could be explained on other grounds—food scarcity, high taxes, unsettled conditions abroad.

All Countries
"We are getting immigration from almost all the countries of Europe and even from So. America," Wallis said. "Italy, Poland, Greece, Poland, Scandinavia and Ireland are some of them. Has Irish immigration ended? My dear sir, to see them come in here you wouldn't think it had begun."

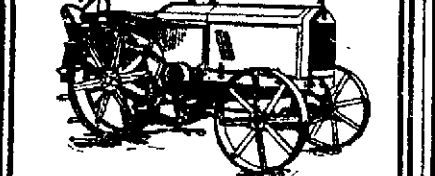

"We are getting a very high class of immigration now. I should say that the new arrivals are the best class that has ever come here since the founders of the republic landed."

Wallis has been appointed to his post only recently. He has announced a policy of "humanizing" the administration of Ellis Island and has charged some employees plainly unfitted, because of lack of sympathy and understanding, for their work.

Some hundreds of years ago mummies were powdered into dust and made into powders and potions for the cure of disease.

It is not the fashion in Russia to supply bedclothing, even in the best hotels.

AN AUCTION SALE WILL BE HELD AT MRS. FRED BUSS' FARM IN TOWN OF FREEDOM 2 1/2 MILES NORTHEAST OF APPLE CREEK, TUESDAY, OCT. 26, BEGINNING AT 9 A. M.—J. H. DENHARDT, AUCTIONEER. PAUL WOLDT, PROP. 10-19-20-21.

TEACHES LINEMEN HOW TO 'SPRING'

Notre Dame Coach Gets Remarkable Results From Light Line.

(Special to Post-Crescent)
Notre Dame, Ind.—How the Notre Dame line holds out against opposing forward grid machines which outweigh it man for man has been a great problem which confronts critics. Each year Coach Knute Rockne, of the Irish squad, takes his eleven line in spite of the fact that it is usually outweighed. Eastern critics are unable to understand why Rockne picks such light linemen and are surprised to see the results obtained by him.

Last season Rockne's squad was one of three in the country and the only one of the west which went through the season's play without having its outscoring smeared by a single defeat. And it took on such teams as Nebraska, the Army, Indiana and Purdue. And last year the Gold and Blue line was small.

Teaches Crouch
Rockne explains that he wants men on the line who have spring in them—who are able to throw their force at an opponent on the spur of the moment. So he has developed a line position which he terms the "coil position." That is, he has his linemen face their opponents in a crouch which enables them to spring forward on a snap signal and take the opponents by surprise. So his men become "set" like a rattlesnake coiled up for a spring at an enemy.

To look at a man in this position doesn't convince one that Rockne is right. It appears more as though the player was resting or taking it easy. Yet the position stunts of Rockne's

brings results. His men always get the jump on opponents which gives them a big advantage.

Line of Vets
Rockne promises to surpass previous years this fall. He has a good line of veterans and a promising bunch of last year's freshmen to work with. The line this year will be heavier than usual but still retains its speed. The line includes H. Anderson, star of last year, at guard; Capt. F. Coughlin, the all-western tackle last year; Smith, last year's guard; Shaw, who won his letter at tackle; Larson, noted center of the Notre Dame S. A. T. C. eleven, who finished his freshman year last June; E. Anderson, pick of several eastern critics for an all-American berth last year, at right end and Kiley, letter end.

Seasoned Backs
In the backfield Rockne has two real veterans, George Gipp, who has been the sensational halfback of the

'No Risk With "Diamond Dyes" Don't Streak your Material in Dyes that Fade or Run

Each package of "Diamond Dyes" contains directions so simple that any woman can dye a new, rich, fadeless color into worn, shabby garments, draperies, coverings, whether wool, silk, linen, cotton or mixed goods.

Buy "Diamond Dyes"—no other kind—then perfect results are guaranteed even if you have never dyed before. Druggist has color card. adv.

53,000 IN LATVIA ARE AIDED BY U. S. WORKERS

(Special to Post-Crescent)
Riga, Latvia.—During a recent month, consisting of 22 working days, over 22,000 packages of food and clothing were distributed to more than 6,000 refugees and war sufferers here by the Civilian Relief Bureau of the American Red Cross Commission to Western Russia and the Baltic states.

Six nationalities were represented among the thousands who passed through the relief depot here during this period. Numbers of released prisoners of war returning to their homes from Siberia and Germany were helped.

Other promising backs are Johnny Mohardt, substitute of last season at the halfback position, N. Barry and Frank Walsh, also last year's substitute halfbacks; D. Coughlin and Mickey Kane, stars of last season's freshman team.

The Ringhals snake, a native of South Africa, can throw a spray of poison fifteen feet.

By United Press Licensed Wire
Rockville Center, N. Y.—Did you ever try driving an auto along a slippery pavement in the rain, dressing from B. V. D's, out as you went?

We ask you, in all fairness, isn't it to be expected that the machine would show a little fancy footwork such as sidesteps, etc?

Well then, William C. Adler, wants

EASES A COLD WITH ONE DOSE

"Pape's Cold Compound" then breaks up a cold in a few hours

Relief comes instantly. A dose taken every two hours until three doses are taken usually breaks up a severe cold and ends all the gripe misery.

The very first dose opens your clogged-up nostrils and the air passages in the head, stops nose running, relieves the headache, dullness, feverishness, sneezing, soreness and stiffness. Don't stay stuffed-up! Quit blowing and snuffling! Clear your congested head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, contains no quinine—Insist upon Pape's. adv.

to know, what are the other members of the Rockville volunteer fire department kicking about?

Be it known that Adler was canned as chauffeur of the R. C. V. F. D. by a vote of his fellow members on a technical charge of "insubordination and using foul language to his superiors."

The trouble all dates back to that ride he took to an early morning fire last August when he started in very informal attire and arrived at the blaze fully dressed.

Adler, who owns a meat market and a few other business concerns, refused to attend the meeting at which he lost the right to wear a red shirt, helmet and everything declaring the attitude of the department toward that August Paul Revere indicated his judges would be anything but fair-minded.

ATTENDS CONFERENCE AS PROMISED 50 YEARS AGO

Beloit—Fifty years ago, in 1870, Mrs. William Shepard of this city was present at the semi-centennial conference of the Brookfield, Mass. Association of Congregational churches. At that conference it was agreed that any survivors of the conference should present the greetings of the 1870 conference to the centennial conference in 1920. Mrs. Shepard left this week to fulfill that promise. She will be one of the principal speakers on the program of the convention, which will bring together many of the leaders of the denomination. The convention is linked with the tercentenary of the Congregational church. Mrs. Shepard has lived in Beloit over forty years. She is a member of the First Congregational church of Beloit.

X-rays are being used successfully to bring out erased parts of ancient palm-leaf writings.

THE TREATMENT OF BROKEN DOWN ARCHES A SPECIALTY.—DR. A. H. WOLFE.

DEAN OF FARM COLLEGE A CABINET POSSIBILITY

Madison—H. L. Russell, dean of the Wisconsin college of agriculture, is heralded as a cabinet possibility under the next administration, providing it is republican, by the Chicago Daily Drovers' Journal.

Dean Russell's name has long been advanced to Senator Harding and national republican leaders by his friends in Wisconsin and other states, according to The Drovers' Journal. "His appointment would meet with little or no opposition," the paper states. His executive ability and broad knowledge of agricultural problems are arguments in his favor, the writer points out.

Others mentioned for the post include Lewis Tabor, master of the Ohio State Granger; George M. Wilbur, Ohio sheepman; George M. Christie, director of the Indiana experiment station; Harvey Sconce and Gov. Frank Lowden, Illinois; Senator Arthur Capper, Kansas; Samuel Adams,

JUDGE SANBORN FUNERAL HELD THIS AFTERNOON

Madison.—The funeral of the late Judge A. L. Sandborn, who died at his home here early Monday morning, was held from the residence Wednesday afternoon at two o'clock with interment in the Forest Hill cemetery. The pall bearers were active members of the Dane County Bar association—Judge E. Ray Stevens, Harry L. Butler, Henry T. Sheldon, Vroman Mason, Frank D. Reed and George C. Holmes.

Virginia's Dean Curtiss, Iowa: Dean Davenport, Illinois, and J. E. Howard, American Farm Bureau head.

LOANS :: REAL ESTATE :: INSURANCE

8 1/2 % Interest. With Safety

3 Year General Mortgage Gold Notes Eastern Wisconsin Electric Co.

This Issue Has Been Authorized By The
RAILROAD COMMISSION OF WISCONSIN

MONEY CAN be invested to yield 8 1/2% interest at the present time,—AND WITH PERFECT SAFETY. And because of that fact, the conservative investor, whose first consideration is SAFETY, in justice to himself, ought to know WHY interest rates are high and WHY investment opportunities are greater today than at any time within the last fifty years.

High money rates prevail—money commanding the highest rates of interest since the Civil War. The largest and soundest business institutions in the country are face to face with this condition. And that is the reason WHY these big corporations must issue bonds and notes that yield the investor 7 1/2%, 8% and 8 1/2%, whereas in former years 4 1/2%, 5% and 6% was considered ample. Even Governments must pay the same high rates. Within a short time The Republics of France and Switzerland and the Kingdoms of Norway and Belgium,—four great nations of unquestioned financial soundness, have issued bonds and notes yielding as high as 7 1/2% and 8%.

And because the THREE YEAR GENERAL MORTGAGE GOLD NOTES of the EASTERN WISCONSIN ELECTRIC COMPANY were issued at this time of prevailing high interest rates, the investor profits by the high interest they yield—8 1/2%.

Consider all the elements that enter into the safety of an investment in these General Mortgage Gold Notes:—

Is the Company successful?
What are its earnings and dividend records?
Is there a steady demand for its services and product?
What is the security behind these Gold Notes?

Then judge the security of this investment by the following severe tests:—

THE EASTERN WISCONSIN ELECTRIC COMPANY is one of Wisconsin's large successful public service companies, serving a thriving, prosperous territory with an estimated population of over 110,000 people. It operates under the jurisdiction of the Railroad Commission of Wisconsin. The Company serves daily with its various forms of public service fifteen Wisconsin cities and towns:—Sheboygan, Fond du Lac, Oakhosh, Neenah, Omro, Oakfield, Calvary, St. Cloud, Huls Crossing, Glenbeulah, Elkhart Lake, Plymouth, Sheboygan Falls, North Fond du Lac and Kohler.

THE EASTERN WISCONSIN ELECTRIC COMPANY has never failed to pay the interest on its \$1,200,000 outstanding 7% Preferred Stock since its organization. Net earnings for the year ended January 31, 1920, were \$463,797.23, or the rate of three times the annual interest charges on this issue of Mortgage Gold Notes after providing for the interest on all outstanding prior bonds.

The demand for the Company's service is steady and ever growing. General business depression which so seriously affects the prosperity of many industrial concerns, has little or practically no effect on the business of a public service company such as the EASTERN WISCONSIN ELECTRIC COMPANY. In good times or bad, in busy times or dull, the people of Sheboygan, Fond du Lac, and the other towns served by this company, MUST HAVE ELECTRIC LIGHT AND POWER for their factories and homes, and to illuminate their streets. Every day in the year they MUST HAVE GAS for lighting and cooking, and they MUST USE STREET CARS to carry them to their daily work.

In fact, the actual daily necessities of the thousands of people residing in the territory served by this Company safeguard your investment in these General Mortgage Gold Notes.

Your investment is further secured by a general mortgage covering all of the Company's fixed property, rights and franchises. And that means that in addition to being a direct obligation of the EASTERN WISCONSIN ELECTRIC COMPANY, these Gold Notes possess the additional safeguard of having a mortgage behind them as security.

You can now buy these General Mortgage Gold Notes in \$100, \$500 and \$1000 denominations, at a price which will yield you 8 1/2% interest on your money. They mature March 1, 1923. Interest is payable on March 1st and September 1st.

To those persons whose funds are at present earning only a small rate of interest,—or no interest at all,—this opportunity to invest their money at 8 1/2% WITH SAFETY will appeal strongly, and more so, when it is doubtful when such high interest yields as this will again be available.

McCOY & COMPANY, with a record of twenty years experience in handling only bonds and notes of unquestionable safety, have purchased \$1,200,000 of these Gold Notes with their own funds, before offering one dollar's worth to the investor.

One-half Million Dollar's worth of these Gold Notes have already been purchased by Wisconsin banks and people residing in the State of Wisconsin. This shows how highly this investment is regarded in your home state.

MORE INTEREST IN LAWRENCE SQUAD

Victory at Beloit Revives Interest in McChesney's Grid Men.

Confidence in the ability of Lawrence students to win the state championship this year has been revived by the splendid showing of the team at Beloit last Saturday. Fans are beginning to pay more attention to the Blue and White squad and are showing an inclination to back it up with hard coin when the big games are staged. There is every indication of a large crowd at Lawrence field next Saturday when the collegians stack up against Northwestern college of Watertown.

Lawrence students, however, are displaying a strange lack of interest in the team. Men and women are neglecting the team as part of the institution and regard it with about as much interest as they do the laboratories or the dormitories—all parts in college life.

High school students, on the other hand, are all wrapped up in their squad, backing it up to the limit. More than 100 boys and girls will accompany the team to Marinette next Saturday and nearly the entire school has turned out to attend the games here thus far. The Gold and Blue team has a splendid chance in the state championship fight and the students are doing all they can to help push the team to the top of the pedestal.

BUSHEY CAGE MEN START PRACTICING

Several Stars Are Trying for Places on Business College Team.

Basket ball practice at the Bushey Business College was started during the last week, and indications are that a strong team will represent the school during the coming season.

Mossie Kenney of Wausau, who scored heavily for the Bushey team last year has returned to school, and will again be seen in action when the season opens. He will doubtless fill one of the forward positions. Louis Loos of Green Bay, whose scoring on the Business College team in 1917 was largely responsible for a clear title to the state championship for the Bushey five that year, has returned to complete his course, and will work with Kenney at one of the forward positions. This will give the local school a fast and accurate pair of scorers. Roy Welch of Mellen, who was a member of the University of Washington squad last season is out for a center or guard position. He is a fast and aggressive player, has had years of experience, and will undoubtedly make good on the Bushey team. Other men with high school experience, and who show considerable promise are Algot Peterson, Lake Geneva; Alois Ely, Waukegan; Leonard Rief, Berlin; Claude and Claire Carpenter, Ladysmith; Fred Milz, Kaukauna; Arthur Gilsdorf, Kiel; Reuben Krause, Seymour; Clyde Shaw, Kingston; Leland Thompson, Mercer; Paul Steinway, Neenah; Neil Gibson, Coloma.

With this number from which to make a selection, Bushey school should have one of the best amateur teams in this part of the state. Prospects are that the local season will open somewhat earlier than usual. A large number of requests for games have already been received, and some fast battles may be looked for.

KAUKAUNA TAKES ON NEENAH NEXT SATURDAY

The Kaukauna high school football team is practicing every night for the game with Neenah Saturday at Kaukauna. The Kaukauna team defeated Neenah earlier in the season by a score of 6 to 0.

Kaukauna was defeated by Appleton high school in the first game of the season before it had been whipped into form, and the Orange and black is hoping for another game with Appleton, so that it can even up.

1920 SEASON IS DEVELOPING STARS

Many Gridders Are Already Bidding for Berths on All-American Team.

(By Henry L. Farrell)
By United Press Leased Wire

New York—Lusty raps are already being made at the "all-American" door although the football season is not half under way.

The field of candidates is so promising the pick of the season's best is almost sure to make as good combination as was found on last year's mythical eleven, considered to have been one of the best in history.

Guillick, Syracuse tackle, George Way, Penn State half; French, Army half; and Joe Strauss, Pennsylvania full back, have been the outstanding figures in all their games this season.

In three games, Strauss has picked up fumbles and run for touchdowns. This feat last Saturday beat Lafayette in one of the most important games of the year.

Guillick did the same thing twice in the Pitt-Syracuse game but one touchdown was not allowed for off-side play.

Way's spectacular runs and the star all around work of French have kept them constantly in the limelight.

The notables among the ends include Harriek, West Virginia; Urban, Boston College; Hellestrom, Illinois; Weston, Wisconsin; Belding, Iowa; Kane, Harvard; and Legendre, Princeton.

Besides Guillick other star tackles are Slater, of Iowa; Faxon, Harvard; Keck, Princeton, and King, of the Navy.

The rear's backfield crop is almost as good as last year's bumper one.

Quarterbacks of early note are Barton, Williams; McMillan, Centre; Jordan, Dartmouth; Murphy, Yale; Carey, Cornell; Workman, Ohio State; Bob Fletcher, Illinois, and Buell, Harvard.

A flock of good halfbacks are running around the field including May, Cornell; Oss, Minnesota; Humphrey, Harvard; Gipp, Notre Dame; Davies, Pittsburg; Helbrook, Dartmouth; Beck, West Virginia; Gatty, Princeton, and Strinchcomb, Ohio State.

Looming up with Strauss as the best fullback of the year is Joe Scheerer, Princeton.

Suit Prices Revised

This clothing store, in order to respond to the demand of the public for lower clothing prices, has reduced its entire stock of finer grade suits.

These marked reductions are in anticipation of future market conditions.

Hence, we have decided, as a protection to our patrons, not to wait, but to inaugurate now a drastic price revision movement downward.

We have divided our entire stock into just 2 lots, 406 suits that sold up to \$65, now on sale at \$45, 118 suits that sold up to \$85, will go on sale at \$65.

Hear-then Compare

Brunswick

PHONOGRAPHS AND RECORDS

Can a horn be square?

Not on The Brunswick. It is rounded, tapering into an oval. This Brunswick Tone Amplifier, or "horn," is built to conform to acoustic principles.

Tone is developed scientifically. The Amplifier is built entirely of wood—especially chosen, seasoned and moulded. It connects directly with the tone arm.

There is NO CAST METAL throat on The Brunswick. So unnatural and metallic noises are absent.

Such advanced ideas as these, together with many others, make the Brunswick Method of Reproduction supreme.

You've never heard the finest in tone if you haven't heard The Brunswick. And proof is easy. Merely come and hear it. Make comparisons.

Don't be satisfied with the
